Loan to Value Calculation and Seasoning

Purchase - Calculate LTV/CLTV/HCLTV based on lesser of the purchase price or appraised value of the subject property.

Continuity of obligation is required for all refinance transactions.

Rate/Term Refinance – The new loan amount is limited to the payoff of the present first lien mortgage, any seasoned non-first lien mortgages, closing costs, prepaid items, and court ordered buyout settlements. Cash-out to the borrower cannot exceed the lesser of 2% of the principal balance, or \$5,000.

- Prepayment fees may be included
- Closing costs must be reasonable and within market standards
- The maximum cash-out to the borrower reflects both cash in hand, the payoff of miscellaneous debts, and is net of fees and other related closing costs.
- If the borrower has less than six (6) months ownership in the property, the LTV for a refinance transaction is calculated on the lesser of the purchase price plus documented improvements, or the current appraised value.
- Property acquired through inheritance or legally awarded through a divorce, separation, or dissolution of a domestic partnership may use current appraised value.
- If the borrower has owned the property for six (6) months, the LTV is based on the current appraised value.
- Properties listed for sale in the last 6 months require pre-approval from scenario desk and must be removed from the listing at least one month prior to the application date. LTV will be based on the lesser of the list price or appraised value when listed within the last 6 months by the current owner.
- A seasoned non-first lien mortgage is either a purchase money mortgage or any other closed end or HELOC mortgage that has been in place for more than 12 months and has no draws greater than \$2,000 in the past 12 months. Withdrawal activity must be documented with a transaction history from the HELOC.

Delayed Purchase Cash-Out Refinance – Per FNMA guidelines except:

- Allowed for Primary Residence only
- The LTV is calculated based on the lesser of the purchase price or current appraised value of the subject property. Original appraisal cannot be used regardless of age.

Cash-Out Refinance – Any transaction that does not qualify for a Limited Cash-Out Refinance or Delayed Purchase Refinance is considered a Cash-Out Refinance.

- Minimum of 180 days ownership prior to application date is required.
- The LTV for a Cash-Out Refinance transaction is calculated based on the current appraised value.

Refer to the PHH Seller Guide for questions not addressed in this product description.

- Properties listed for sale within the last 12 months are not eligible.
- Properties owned less than 12 months, but great than 6 months at application will based the LTV/CLTV on the lesser of the original purchase price plus documented improvements, or current appraised value. The previous settlement statement will be required for proof of the purchase price.
- Regarding Cash out transactions, anything seasoned less than 12 months will be considered a cash-out regardless of whether cash was received in the subsequent refinancing

Flip Transactions

- On a purchase transaction the seller must have owned the property for at least 12 months to not be considered a property flip transaction
- Bank owned REO and Corporate Relocations are eligible and not considered a flip transaction
- When the subject property is being resold within 12 months of its acquisition by the seller (purchase agreement execution to the day the seller became the legal owner), and the sales price has increased by more than 10% the transaction is considered a flip.
- Transaction must be arm's length
- No pattern of previous flipping activity may exist in the last 12 months
- Property was marketed openly, through MLS, auction, or FSBO
- No assignments of the contract to another buyer
