CHAPTER 2. SELLER APPROVAL PROCESS AND ELIGIBILITY STANDARDS

PHH's Correspondent Lending channel offers Sellers the flexibility to manage the loan process from application through closing. The Seller must meet specific requirements to be eligible.

The Seller agrees not to use the name "PHH Mortgage Corporation" or "PHH" or the name or trademarks of any of the PHH subsidiaries or affiliates in any of the Seller's promotional or other materials without the prior written consent of PHH.

The Seller will not share any trade secrets, confidential information, or proprietary information regarding the practices, pricing, policies or procedures of PHH.

2.1 Privacy of Consumer Information

The Seller agrees to comply with any applicable federal, state and local laws and regulations regarding the privacy and security of consumer information. It is also required that Seller agrees to maintain adequate physical, technical and administrative safeguards in order to protect consumer information from unauthorized access.

2.2 Delegated Seller

For Sellers who are approved as delegated, the Seller is responsible to ensure each Loan meets the eligibility and underwriting guidelines as outlined in this Guide. The Seller represents and warrants compliance with this Guide and the Seller Agreement for all loan submissions.

If the Seller elects to use a third-party underwriting service for credit and underwriting, the Seller is still responsible and liable for compliance with Agency and PHH product parameters and underwriting guidelines on all loan submissions. Generally, the institution or entity making the credit decision is responsible for reporting Home Mortgage Disclosure Act data and originations for covered loans.

The Seller's underwriting authority is determined at PHH's discretion.

2.3 Non-Delegated Sellers

For Sellers who are approved as Non-Delegated, the Seller is responsible to ensure timing requirements, regulatory requirements and specific Agency requirements relating to applications, customer contact, loan processing and loan closing are satisfied. All processes of the loan origination are to be completed in accordance to Agency guidelines and regulatory requirements. The Loan must be fully processed prior to submission of Credit File to PHH for underwriting to ensure that the Loan can be underwritten to satisfy the eligibility criteria and underwriting guidelines as set forth in this Guide.

The Seller's underwriting approval as Non-Delegated is determined at PHH's discretion.

Refer to Section 5.3 Non-Delegated Seller for additional information regarding Non-Delegated status.

PHH has the right to examine any and all records that pertain to Loans governed by this Seller Guide. Such records must include the individual Loan File, all accounting reports associated with the Loan, information and documentation that PHH may deem necessary to verify that Seller is in compliance with PHH requirements.

- In the event the Mortgage constitutes a deed of trust, a trustee, authorized and duly qualified under Applicable Law to serve as such, has been properly designated and currently so serves and is named in the Mortgage, and no fees or expenses are or will become payable by the mortgagee to the trustee under the deed of trust, except in connection with a trustee's sale after default by the Mortgagor.

 - The loan documents with respect to each Loan subject to prepayment penalties specifically authorizes such prepayment penalties to be collected. All information in the Credit File, Loan File and any electronic data file delivered to PHH regarding the prepayment penalty is complete and accurate and each prepayment penalty is permissible and enforceable in accordance with the terms of the related loan documents and all Applicable Laws. Any prepayment penalty applicable to any Loan constitutes a "customary prepayment penalty" within the meaning of Treasury Regulations Section 1.860G-1(b)(2).
 - The Seller has not made or caused to be made any payment in the nature of an "overage" or "yield spread premium" to a mortgage broker or a like Person which has not been fully disclosed to the Mortgagor. The Seller shall notify PHH immediately of any material change in its ownership, financial condition, or management; any audit, examination, or review by FHA, VA, Ginnie Mae, Fannie Mae, Freddie Mac, USDA, or any federal or state regulator, which results in or threatens any administrative sanctions imposed upon the Seller; any fact or circumstance the Seller becomes aware of following the sale of any Loan which would have caused the Loan to be ineligible for sale to PHH if known prior to such sale. In addition, the following apply:

- PHH may, from time to time, review, at Seller's or PHH's place of business, Seller's Loan Files, policies, procedures, and records, in order to determine whether Seller meets PHH's quality control standards.
- The Seller shall timely deliver to each applicant a completed Regulation Z disclosure statement, including all required TILA, RESPA and TRID disclosures, federally mandated fixed rate, or ARM disclosures and HUD booklets. the Loan File, Credit File, or any appraisal or other valuation data, and whether before or after sale of such Loan to PHH, shall not affect PHH's (or any of its successor's) rights to demand repurchase, indemnification, substitution or other relief as provided herein. Any appraisal acknowledgement by PHH is only for the purpose of assisting the Seller in Loan sale determinations, and does not constitute an opinion of value or statement indicating that the appraisal meets any related FHA, HUD or Uniform Standards of Professional Appraisal Practice guidelines, nor does it waive any rights or remedies PHH may have under the Seller Agreement with respect to insurability, valuation, indemnification, repurchase or otherwise. The Seller shall make PHH the loss payee of each mortgage guaranty insurance policy and hazard, wind and flood insurance policy. Ownership of, and title to, a Loan will not be vested in PHH until such Loan is accepted by PHH and the related purchase price is remitted to the Seller.

- To the extent the Seller services a Loan after the related Closing Date, the Seller (or its designee, which designee shall be approved in writing by PHH) shall service the Loan in conformance with all accepted servicing practices and applicable requirements until such time as the servicing of such Loan is transferred to PHH or its designee. The Seller shall promptly follow PHH's instructions regarding transferring any such servicing. If applicable, the Seller shall, at its expense, mail the approved form of notification to mortgagors under the Loans of the transfer of the servicing rights and instruct the mortgagors to deliver all mortgage and related payments and all tax and insurance notices to PHH after the Closing Date, all in accordance with the applicable requirements and PHH hereby agree to comply with the confidentiality and privacy provisions set forth in this Guide.
- The Seller shall be responsible for any misrepresentations made by any borrower, originator, or participating third parties in connection with any Loan sold to PHH.
- Confidential Information:
 - In General: Neither the Seller nor PHH shall make use of, disseminate or in any way disclose any confidential information of the other party or its affiliates, except as necessary to perform its obligations under the Seller Agreement or as may be required by applicable requirements or with the express written authorization of the disclosing party or its affiliates, and each shall keep confidential information confidential and will ensure that its affiliates, employees, agents, and representatives who have access to such confidential information comply with this non-disclosure obligation. Each party shall maintain appropriate physical, electronic, technical, and procedural safeguards to receive, store, dispose of (if applicable), and secure all confidential information to protect it from unauthorized access, use, disclosure, alteration, loss, and destruction, and to protect against any anticipated threats or hazards to the security or integrity of such records or information which could result in substantial harm or inconvenience to any

customer of a party, including but not limited to any loan applicant or mortgagor. The safeguards used by each party to protect confidential information of the other party shall be no less than those used by such party to protect its own confidential information.

- Privacy of Customer Information: Except as otherwise agreed by the Seller and PHH and permitted by the privacy requirements, each party shall use customer information of the other party only for the express purposes set forth in the Seller Agreement and disclose customer information of the other party to third persons only as necessary to implement the provisions hereof in a manner consistent with the privacy requirements. Each party shall maintain at all times a customer information security program. Each party shall assess, manage, and control risks relating to the security and confidentiality of all customer information, and shall implement the standards relating to such risks in the manner set forth in the privacy requirements. Each party shall comply with the privacy requirements applicable to such party. With respect to information that is non-public personal information (as defined in the Gramm-Leach-Bliley Financial Services Modernization Act of 1999, Pub. L. No. 106 -102, 113 Stat. 1338, and the regulations and guidance promulgated thereunder (GLBA)), the Seller shall, and covenants to provide evidence thereof at all times during the Seller Agreement, maintain processes and procedures to comply with all reuse, re-disclosure, or other customer information handling, processing, security, notification and protection requirements under GLBA, other applicable federal and state consumer privacy laws, rules, and regulations, and the applicable requirements. Further, the Seller shall ensure that it has developed, implemented and maintains effective information security policies and procedures that comply with the Interagency Guidelines Establishing Standards for Safeguarding Customer Information, Final Rule (12 CFR Part 30, Appendix B) and the Federal Trade Commission's Standards for Safeguarding Customer Information (16 CFR Part 314) (collectively, the "Safeguarding Rules"), the applicable requirements and other applicable laws and regulations, and such policies and procedures include administrative, technical and physical safeguards designed to
 - ensure the security and confidentiality of confidential or proprietary information as may be provided to it by PHH hereunder;
 - protect against anticipated threats or hazards to the security or integrity of such confidential or proprietary information; and
 - protect against unauthorized access or use of such confidential or proprietary information.

The Seller shall ensure that Seller's personnel handling such confidential or proprietary information have been appropriately trained in the implementation of such information security policies and procedures, and Seller shall conduct

regular audits and reviews of its information security policies and procedures to ensure their continued effectiveness and determine whether adjustments are necessary in light of the Safeguarding Rules, the applicable requirements and applicable law.

2.9.3 Non-Solicitation of Borrowers

The Seller covenants and agrees that it will not directly or indirectly take any action, or cause any action to be taken by any of its designated third party originators, agents, contractors, employees or affiliates, to solicit the prepayment of or any alteration in payment procedures or terms of any Loan sold to PHH under the terms of the Seller Agreement. The preceding statement shall not preclude a Seller from engaging in general advertising or from servicing the refinance needs of a mortgagor who, without solicitation, contacts the Seller in connection with the refinance of such mortgagor's Loan. Regardless of whether solicitation occurred, should any Loan sold under the Seller Agreement be paid in full within 180 days of purchase, other than a PHH direct refinance, the Seller shall promptly return any premium paid for the Loan to PHH. The return of the premium will be required whether PHH is the purchaser of the new Loan or the owner of the Loan that was paid in full.

2.9.4 Non-Solicitation of Employees

During the term of the Seller Agreement and for a period of 12 months after the termination of the Seller Agreement, the Seller, on its own behalf or on behalf of any other party, shall not, without PHH's prior express written consent, directly or indirectly, offer employment, solicit for employment, or cause or attempt to cause the termination of employment of any present or future employees. Nothing herein shall prohibit or restrict the Seller from offering employment to any of PHH's employees who seek employment through job opportunities made available to the general public.

2.9.5 Reconstitution of Loans

The Seller acknowledges that with respect to some or all of the Loans purchased by PHH from Seller, PHH or an affiliate of PHH may affect either:

- one or more sales of the Loans as whole Loan transfers (each, a "Whole Loan Transfer"); and/or
- one or more securitization transactions.

For purposes of this section, “Purchaser” shall mean the purchaser of the Loan under the Seller Agreement and “Purchasers” shall include the Purchaser and any prior purchasers of the Loan under the Seller Agreement.

With respect to each Whole Loan Transfer or Securitization Transaction, as the case may be, entered into by PHH or an affiliate of PHH, the Seller agrees:

- to cooperate fully with PHH or an affiliate of PHH and any prospective purchaser with respect to any Whole Loan Transfer or Securitization Transaction, including but not limited to, all reasonable requests, due diligence procedures and disclosures, and with respect to the preparation (including, but not limited to, the endorsement, delivery, assignment, and execution) of the documents contained in the Loan File and other related documents;
- to deliver to PHH or an affiliate of PHH, or any prospective purchaser such additional loan information requested and to indemnify PHH, its affiliates or any prospective purchaser for such information at the time of such delivery to the extent such information is not true and correct;
- to execute all Reconstitution Agreements provided that each of the Seller and PHH or an affiliate of PHH is given an opportunity to review and reasonably negotiate in good faith the content of such documents not specifically referenced or provided for in this Guide;
- with respect to any Whole Loan Transfer or Securitization Transaction, the Seller shall make the representations and warranties regarding the Seller and the Loans as of the date of such Whole Loan Transfer or Securitization Transaction, as applicable, modified to the extent necessary to accurately reflect the pool statistics of the Loans as of the date of such Whole Loan Transfer or Securitization Transaction and supplemented by additional representations and warranties that are not unreasonable under the circumstances as of the date of such Whole Loan Transfer or Securitization Transaction to the extent that any events or circumstances, including changes in applicable law occurring subsequent to the related Closing Date, would render a related Loan unmarketable to a material segment of the secondary mortgage or mortgage-backed securities market or make any representations or warranties required by any Rating Agency;
- to deliver to PHH or an affiliate of PHH such information, reports, letters and certifications as are required and in the time frame and manner set forth in this section, and to indemnify the PHH and its affiliates as set forth in this section;
- to deliver to PHH or an affiliate of PHH for inclusion in any prospectus or other offering material (including any private offering document) such publicly available information regarding the Seller, its financial condition and its Loan delinquency, foreclosure and loss experience and any additional information reasonably requested by PHH or an affiliate of PHH, and to deliver to the PHH or an affiliate of PHH any similar nonpublic, unaudited financial information, in which case the

PHH or an affiliate of PHH shall bear the cost of having such information audited by certified public accountants if the PHH or an affiliate of PHH desires such an audit, or as is otherwise reasonably requested by the PHH or an affiliate of PHH and which the Seller is capable of providing without unreasonable effort or expense, and to indemnify the PHH and its affiliates for material misstatements or omissions contained (i) in such information and (ii) on the Mortgage Loan Schedule;

- to deliver to PHH, and to any Person designated by PHH, such statements and audit letters of reputable, certified public accountants as are customarily delivered by originators such as Seller in connection with a Whole Loan Transfer or Securitization Transaction pertaining to Seller's financial condition as shall be reasonably requested by PHH or an affiliate of PHH;
- to deliver to PHH, and to any person designated by PHH, such legal documents and opinions of counsel (which counsel shall be independent, outside counsel of the Seller) as are customarily delivered by originators and reasonably determined by PHH to be necessary in connection with any Whole Loan Transfer or Securitization Transaction, and such outside opinions of counsel for a Securitization Transaction to be in a form reasonably acceptable to PHH, with the cost of any such outside opinions of counsel that may be required, paid by PHH or an affiliate of PHH;
- in connection with each Whole Loan Transfer or Securitization Transaction, to agree to permit any prospective assignees of PHH who have entered into a commitment to purchase any of the Loans or any independent third-parties selected by PHH to conduct Pre-Securitization TPR, Post-Securitization TPR (or any other similar pre-securitization or post-securitization review as may be required by any Rating Agency), to assess Loan information and review the Seller's servicing and origination operations, upon reasonable prior notice to the Seller, the Seller shall cooperate with such reviews and underwriting to the extent such prospective assignees or independent third-parties request information and documents (in electronic form or otherwise) that are reasonably available and provided such parties are told the confidential nature of such information. Subject to any applicable law, the Seller shall make the servicing files related to the Loans held by the Seller available at the Seller's principal operations center for review by any such prospective assignees or independent third-party during normal business hours upon reasonable prior notice to the Seller (in no event fewer than two (2) Business Days' prior notice);
- to agree and consent that all information provided by the Seller to any Rating Agency for the purpose of determining and which is used in connection with the initial rating of a rated securitization including the Loans, or for undertaking credit rating surveillance on such securitization, may be posted on a website which complies with the requirements of Rule 17g-5 of the Exchange Act on request of PHH or an affiliate of PHH. Upon request of PHH or an affiliate of PHH, the Seller shall provide all such information in electronic form as needed to effect such

posting. To the extent any Rating Agency conducts an originator review or other review of the operations of the Seller which may be used in connection with the initial rating of a securitization or the surveillance thereof, on request of PHH or an affiliate of PHH, the Seller shall provide to PHH or an affiliate of PHH in electronic form all information that was provided to the Rating Agency in connection with such review;

- to indemnify the Purchaser and its agents, managers and trustees, each affiliate designated by the Purchaser, each person who controls the Purchaser or such affiliate and hold each of them harmless from and against any losses, damages, penalties, fines, forfeitures, reasonable and necessary legal fees and related costs, judgments, and any other costs, fees and expenses that each of them may sustain in any way related to (A) any untrue statement of a material fact contained or alleged to be contained in any information, report, certification, data, accountants' letter or other material provided by or on behalf of the Seller, or provided under the Seller Agreement or this Guide by or on behalf of any third-party originator, regarding the Seller, the Loans or, to the extent applicable, the underwriting standards which is set forth in any offering document prepared in connection with any Securitization Transaction (collectively, the "Company Information"), or (B) the omission or alleged omission to state in the Company Information a material fact required to be stated in the Company Information or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, by way of clarification, that clause (B) of this paragraph shall be construed solely by reference to the Company Information and not to any other information communicated in connection with a sale or purchase of securities, without regard to whether the Company Information or any portion thereof is presented together with or separately from such other information, or (C) the failure by the Seller to make any required filings or provide the information needed by Purchaser for any required filings under the Exchange Act or under any other applicable securities law and regulation;
- to indemnify the Purchaser and its agents, managers and trustees, each affiliate designated by the Purchaser, each person who controls the Purchaser or such affiliate and hold each of them harmless from and against any losses, damages, penalties, fines, forfeitures, reasonable and necessary legal fees and related costs, judgments, and any other costs, fees and expenses that each of them may sustain in any way related to (A) any untrue statement of a material fact contained or alleged to be contained in any information, report, certification, data, accountants' letter or other material provided by or on behalf of the Seller (including by the Purchaser), or provided under the Seller Agreement or this Guide by or on behalf of any third-party originator, regarding the Seller, the Loans or, to the extent applicable, the underwriting standards which is provided to any Rating Agency in connection with any initial ratings issued in connection with any securitization or the surveillance of such ratings (collectively, the "Rating Agency Disclosure") or (B) the omission or alleged omission to state in the Rating Agency Disclosure a material fact required to be stated in the Rating Agency

Disclosure or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; and

- to (x) represent and warrant to each Rating Agency providing a rating in a separate writing that (i) the Seller shall promptly provide to each Rating Agency all information requested by each Rating Agency in accordance with its published ratings criteria, (ii) all information provided to the Rating Agency contains no untrue statement of a material fact and does not omit a material fact necessary in order to make such information, in light of the circumstances in which it was provided, not misleading, and (iii) make any other representations or warranties or provide any other information required by any Rating Agency and (y) indemnify any such Rating Agency that provides a rating and each of its affiliates, directors, officers and employees for any losses, damages, liabilities, judgments, costs, charges and expenses (including without limitation attorneys' fees) of whatever nature (whether foreseeable or not) arising from or in connection with the breach of any of the representations and warranties set forth in clause (x) herein, including resulting from or relating to the use by the Rating Agency of or reliance by the Rating Agency on information provided to it by the Seller.

Notwithstanding anything to the contrary, the Seller acknowledges and agrees that the provisions of this section shall apply to all subsequent reconstitutions (including, without limitation, the exercise by any person (including the Purchaser) of any optional purchase rights under the terms of a Securitization Transaction or in the event that any Loan is repurchased pursuant to the terms of any Reconstitution Agreement) that occur after any initial reconstitution. In addition, if, following the occurrence of a reconstitution with respect to any Loans, the Purchaser subsequently becomes the owner of such Loans again, such Loans shall be subject to the terms and conditions of the Seller Agreement and this Guide.

In order to facilitate compliance with Regulation AB promulgated under the Securities Act, the Seller and PHH agree to comply with the provisions of this Guide. The Seller further covenants to provide PHH or an affiliate of PHH on request all information PHH or such affiliate of PHH deems necessary in order to comply with any amendments to Regulation AB and any other securities laws and regulations with respect to information provided in connection with a securitization of the Loans and shall enter into any necessary amendments to the Seller Agreement required to comply with same.

All Loans not sold or transferred pursuant to a Whole Loan Transfer or Securitization Transaction shall be subject to the Seller Agreement and this Guide and shall continue to be serviced in accordance with the terms of this Guide and the Seller Agreement and this Guide shall remain in full force and effect.

2.10 Re-Certification and Continuance

All Sellers are subject to annual re-certification approval.

In order to remain as an approved Seller with PHH, the Seller must provide all information, as requested, on an annual basis or at any time requested by PHH. The Seller must maintain all standards regarding current financial strength, volume, acceptable performance as detailed in this Guide and the Seller Agreement.

Generally, within 90 days following the end of each fiscal year of the Seller, the Seller shall deliver to PHH the following:

- Related statements of changes in financial position and shareholders' equity for such fiscal period setting forth in each case in comparative form.

- If Seller is an approved FHA direct endorsement underwriter (DE), said statement shall include all calculations required by FHA.

PHH may at its option, require unaudited statements on a more frequent basis.

Loans delivered by the Seller to PHH must have and maintain acceptable delinquency, defect, and prepayment rates. Acceptability is determined at the sole discretion of PHH.

The Seller's mortgage insurance claims must be acceptable to PHH.

PHH reserves the right to amend the eligibility standards contained herein at any time.

- Escrows – Yes or No

Credit Scores

If credit scores are not available at time of registration, pricing may be denied or the Loan may be placed in a pending status if a lock is required.

Please note: Delegated Loans must be locked prior to submission for review.

Property Address

A full and complete property address is required at the time of a rate lock request. Any lock requests with incomplete or incorrect addresses will be classified as invalid and subject to worst-case pricing.

Escrow / Impounds

The Seller is responsible for complying with all applicable federal, state, and local laws and regulations relating to the creation of, transfer of and maintenance of escrow/impound accounts.

If an escrow account is established, the Seller should include a two-month cushion unless otherwise prohibited by applicable law. For Conventional Loans requiring mortgage insurance, a cushion is not required for the mortgage insurance impounds. USDA Loans require a two month cushion of mortgage insurance impounds be collected at closing.

In certain states and counties, certain borrowers may not be required to pay property taxes. If the borrower is exempt from paying taxes, the Seller must provide evidence showing the borrower is not required to pay property taxes.

The Seller may waive the escrow/impound account (except for mortgage insurance and flood insurance) specification with respect to Conventional Loans only, if the loan-to-value (LTV) is 80% or less (90% or less in California), all program eligibility guidelines and qualifications are met, and the Seller's internal escrow waiver policy is met. The Seller must provide evidence that all requirements have been met. The standard escrow provision must remain in the Loan documents.

Escrow waivers may be subject to all applicable price adjustments for non-escrowed Loans.

The Seller's waiver of the right to collect escrow/impound funds must not weaken the right of PHH to subsequently enforce the escrow provision contained in the Loan documents in the event that the borrower fails to act responsibly.

Note: Regardless of LTV, an escrow account will be required for a primary residence Loan that is made in compliance with the Regulation Z requirements for higher priced mortgage Loans (HPML Section 35) or if flood insurance is required, per federal requirements.

4.1.3 Licensing

PHH will not accept Loans in states where Sellers are not properly licensed to conduct business. In the event that PHH does not have a Seller's current license or exemption on record, PHH cannot accept loan lock requests. If any Seller license issues are under review, the Seller's loans will be placed in a pending status. To remove the Loans from pending status, the Seller must take the following steps:

- The Seller must update all state licensing information by emailing state licensing and exemption information directly to counterpartyreview@phhmortgage.com.
- After this information is received and the system has been updated to reflect the appropriate approval, the Seller must contact the Rate Lock Desk to complete the registration.
- Rates effective on the original request date will not be honored.

4.1.4 Changes to Locked Loans

The Rate Lock Desk will determine if a request to change loan information requires that a Loan be re-priced. Changes to loan information are not automatic, nor recommended. The Rate Lock Desk may require additional information to facilitate the change. PHH routinely runs audit checks against the changed fields to guard against fraud and to comply with certain banking and regulatory requirements.

Any incorrect borrower information, such as borrower name or Social Security number, will require additional documentation and may result in worst-case re-pricing.

Regardless of loan status, the following fields cannot be changed:

- Loan Purpose
- Loan Type
- Occupancy Type
- Loan Program/Product
- Loan Amount
- Down payment Amount
- Purchase Price
- Interest Only Months, if applicable
- Number of Units
- Property Type
- FICO Scores (including credit score used for approval)
- Rate Lock Check Box/Lock Date
- Interest Rate
- Lock Days
- Amortization Type
- Amortization Term
- LTV
- CLTV
- Appraised Value
- Lien Position

Circumstances necessitating a change to the property address will result in worst -case pricing and may require additional documentation for review.

Most changes to a locked commitment would constitute a relock and may be subject to worst- case re-pricing.

The following list includes examples of changes that would be subject to re-pricing:

- Rate lock expired prior to loan closing and disbursing
- Delivery date expired prior to delivery of complete package
- Loan in suspense for more than 30 days
- Commitment cancelled/denied and new commitment requested
- Address changes
- Most product changes

Note: All product changes completed without re-price are at the total discretion of the Rate Lock Desk and may be approved or denied based upon existing market conditions.

4.1.5 Incomplete Registration (Pending Status)

the Rate Lock Desk may attempt to register and/or lock a Loan, but cannot complete the registration, due to one or more of the following issues:

- Missing/incomplete/incorrect Social Security numbers
- Missing/incomplete/incorrect property address
- Missing/incomplete/incorrect borrowers names
- No credit score is provided, but product requires it
- No DTI is provided, but product requires it
- Loan does not fit product guidelines
- Product code not provided
- Rate is not selected
- Rate Lock Window or Delivery Type is not selected
- Requested rate is not available
- Seller is not licensed in the state where property is located

In these cases, the Loan will be placed into pending status. Placing a Loan in pending status will save some of the Loan information; however, the loan cannot be locked until all outstanding information has been received.

It is the Seller's responsibility to contact the Rate Lock Desk to rectify any outstanding issues. After the correction is received and reviewed by PHH, the Seller may submit an updated lock request based on the prevailing loan rates at the time the lock request is submitted.

PHH will not assume responsibility for unlocked or unregistered Loans that have been sent without all required information, on improper forms, or contain incorrect information.

4.1.6 Intra-Day Pricing Changes

Due to the volatile nature of the secondary market and market conditions, PHH pricing is subject to change at any time and without notice.

4.1.7 Error Notification

PHH will not be held responsible for incorrect registrations and/or loan lock errors. Errors, omissions, or mistakes that are reported to the Rate Lock Desk within 24 hours after the incident occurs will be considered on a case-by-case basis for correction without penalty. It is the Seller's responsibility to contact the PHH Rate Lock Desk to report registration or lock-in issues or missing lock-in requests within 24 hours of the initial request. Any correction of errors or supplemental information for omissions after the 24-hour period will require that the Loan be re-priced based on prevailing rates.

4.2 Flow Commitments

In order to sell Loans to PHH, the Seller must obtain a rate lock commitment. A variety of pricing options are available to meet the needs of our Sellers.

4.2.1 Commitment Defined

A rate lock commitment is an agreement whereby Seller commits to deliver a Loan, as described in the commitment confirmation. Seller must enter into a commitment for each Loan prior to delivering it to PHH.

Depending on approval authorization, Sellers may enter into a Flow commitment under a Mandatory Commitment/mini bulk or Best Efforts Commitment.

Seller may not simultaneously utilize bulk Mandatory Commitment and Best Efforts Commitment for the same Loan. Loans previously locked in a Best Efforts Commitment may not be allocated or delivered into a Mandatory Commitment unless such commitment was locked greater than sixty (60) calendar days after the earlier of the Best Efforts cancellation date or most recent commitment expiration date.

4.2.2 Mandatory Commitment

Under a Mandatory Commitment, the Seller commits to deliver a loan to PHH that is eligible for purchase and that conforms to the terms described in the commitment prior to the end of the commitment period. PHH will charge a pair-off fee to Seller if the committed amount is not delivered by the specified date.

Prior to entering into a Mandatory Commitment, the Seller must be approved and set up for this delivery option, must be closing in their own name and utilizing an approved warehouse line or their own funds.

PHH offers the following Mandatory Commitment options:

- Flow Mandatory: Not Available
- Forward Mandatory Trades: Not Available
- Mini Bulk: Minimum of \$1,000,000 in unpaid principal balance (UPB) required. The Seller will submit an approved bulk tape to Ratelock@phhmortgage.com for live market pricing. All Loans submitted must be Agency approved and comply with PHH guidelines.

The following additional rules are applicable to Mandatory Commitments:

- In the event that a duplicate lock is created, the Loan will become subject to worst-case pricing.
- Only Sellers with select authorization authority will be permitted to lock into Mandatory Commitments.
- Seller may not assign or transfer a Mandatory Commitment, in whole or in part, without the prior express written consent of PHH.

Note: The term commitment is not to be confused with other agreements or terminology that may be in effect between Seller and PHH.

4.2.3 Best Efforts Commitment:

Under a Best Efforts Commitment, the Seller can take a Best Efforts Commitment via PHH Correspondent portal. A Seller can access PHH Pricing by utilizing PHH's Get Pricing Scenario tool via PHH Correspondent portal. Due to potential market volatility, PHH reserves the right to re-price at any time. In the event of a Rate Sheet re-price, PHH may suspend pricing until a new Rate Sheet is posted to PHH Correspondent portal. If, at any time, a Seller is actively locking during a re-price, PHH will honor pricing from the current Rate Sheet timestamp. A Best Efforts Commitment that is not submitted and withdrawn will be cancelled without penalty provided the Loan did not close with the Seller. All Non-Delegated Loans will be locked under a Best Efforts Commitment.

The following additional rules apply to Best Efforts Commitments:

- In the event that a duplicate lock is created, the Loan will become subject to worst-case pricing.
- Only Sellers with the designated authority will be permitted to lock using Best Efforts.
- Seller may not assign or transfer a Best Efforts Commitment, in whole or in part, without the prior written consent of PHH.

Although the Seller is not required to deliver the Loan if the Loan closes with the Seller under a Best Efforts Commitment, PHH considers a Best Effort lock to be a mandatory commitment when the loan closes with the Seller and reserves the right to pair-off the commitment in the event a locked Best Effort loan that closes with the Seller is not purchased by PHH. PHH will track the percentage of the Seller's commitments that are not delivered for purchase or delivered for purchase and subsequently cancelled, withdrawn, denied or rejected (referred to as "fallout rate"). An above-target fallout rate may result in the suspension or loss of approval to sell Loans to PHH or an adjustment to pricing on future commitments.

4.3 Lock Confirmation

For all commitment types A lock confirmation is PHH written communication to the Seller confirming that the Seller's commitment request is accepted. The lock confirmation outlines the additional terms and conditions applicable to PHH potential purchase of the Loan. PHH confirmation is available via the Loan in PHH Correspondent portal.

PHH Mortgage Seller Guide

Registration and Pricing

Lock Confirmation

PHH Mortgage

PHH

If the Seller delivers an eligible Loan within the commitment period, and the Loan conforms to PHH guidelines, the Loan will be reviewed for potential purchase under the pricing and terms described in this lock confirmation section.

For Mandatory Commitments:

- After the Seller has communicated a request to enter into a commitment, the request is non-revocable by the Seller.
- Once accepted or rejected, PHH will communicate its response and, if applicable, the terms of the commitment including the price and the commitment period.
- PHH is not deemed to have accepted a request to enter into a commitment until PHH has sent its written lock confirmation to Seller.

Although PHH will use commercially reasonable means to receive requests and send responses for commitments, PHH is not responsible for any failures of the Seller to deliver or receive any such communications, and the Seller acknowledges that PHH will act in reliance of a commitment that it has accepted, even if the Seller does not receive the lock confirmation. Sellers who wish to mitigate the risk of market shifting should use time-sensitive means of communication (such as the Lock or Rate Lock Desk) rather than means without immediate feedback.

Each lock confirmation will provide PHH applicable commitment number and/or PHH loan number, which the Seller must include in all future correspondence regarding such commitment.

Further, the Seller acknowledges that prices in a lock confirmation will be those applicable at the time PHH acknowledges a completed/acceptable request for a commitment was received. PHH is not responsible for market changes or other re-pricing events that may have occurred between the time of the Seller's request and PHH receipt. PHH reserves the right to determine the standard used to ascertain the time such request is considered to be received.

The pricing provided on the lock confirmation may be subject to change. Changes, including but not limited to changes in loan characteristics, program eligibility, commitment terms and late fees will affect the final loan price. PHH reserves the right to modify and/or revise its lock confirmation should any of the information submitted in the final Mortgage Loan Package differ from the information provided during the pricing functions service or if the Loan does not meet PHH's guidelines.

A lock confirmation does not constitute a loan decision/approval or a commitment to purchase a Loan.

4.4 Rate Lock Extensions

For Best Efforts Commitments, the Seller may request rate lock extensions through the PHH Correspondent portal. For Mandatory Commitments, the Seller may request rate lock extensions via email to Ratelock@PHHmortgage.com.

PHH may grant individual Mandatory Commitment and Best Efforts Commitment extensions of up to 30 days on or before the lock expiration date. The cost to extend is 2 bps/per day. Seller must request any extension beyond 30 days through the Rate Lock Desk or for Best Efforts Commitment via PHH Correspondent portal. Extension requests beyond 30 days from the original lock expiration will only be considered on a case-by-case basis.

Upfront fees or higher extension fee charges will be required for any exceptions to our standard extension policy unless waived by the Rate Lock Desk.

All rate lock extensions are calculated in continuous calendar days. Extension fees and policies are at the discretion of PHH and are subject to change without notice. PHH has the right to refuse to permit extensions on individual Loans or products at any time for a variety of reasons including but not limited to current market conditions or changes in product eligibility/guidelines.

Sellers must advise PHH of any erroneous extension requests prior to 5:00 p.m. ET on the same day as the request. Requests for changes after this time will not be permitted.

4.5 Expiration Dates

All Loans must be closed and disbursed by the Seller's lock expiration date.

The commitment/lock expiration is the expiration of PHH's commitment to honor a locked Loan at a particular interest rate. Any extension requests must be made on or before the rate lock commitment expiration date, and requests received after this date would be subject to re-lock at worst-case pricing.

The commitment/lock expiration date is the deadline within which Sellers must deliver closed Loans with all required documents including complete credit and closing package to PHH. If a Seller fails to deliver by the delivery expiration, PHH will re-price the Loan subject to worst-case pricing upon receipt of the credit and closing files.

The commitment/lock expiration, when applicable, will display on the lock confirmation. PHH encourages all Sellers to monitor rate lock commitment expiration dates very

carefully. Failure to extend locks prior to the commitment expiration date in order to meet funding dates may result in costly re-pricing.

4.5.1 Holiday or Weekend Commitment Expirations

If the initial commitment expiration on a Loan would fall on a weekend or PHH observed holiday, PHH will automatically roll the commitment expiration date to the next business day. Any subsequent extensions or relocks, however, may cause the Loan to expire on a weekend or PHH holiday. In that case, the expiration date will NOT roll to the next business day.

In all cases, the Loan must be closed and disbursed by the Seller's lock expiration date.

If the delivery expiration date falls on a weekend or PHH observed holiday, the Seller must ensure the complete credit and closing files are received on or before the delivery expiration date of the rate lock commitment. To ensure the Loan is received without any issue, PHH strongly encourages Sellers to deliver the full file prior to the delivery expiration date.

4.5.2 Expired Commitments

If a relock on an individual commitment is requested within 30 days of the rate commitment expiration date, the Loan will be relocked subject to worst-case pricing comparison and the applicable relock fee as identified in Relock Fees. If the Loan is canceled prior to the commitment expiration, and then reestablished as a new Loan, the same relock fee structure noted below will be applied based on cancellation date rather than commitment expiration.

- If the relock is requested more than 30 days after the commitment's expiration or cancellation, whichever applies, the Loan will be priced at current market. However, the Loan will continue to be assessed any previously purchased lock extensions or other fees unless the Loan has been expired or canceled for more than 120 consecutive days.
- PHH may deny the relock request at the original locked rate on an expired lock due to market illiquidity.
- Rates not listed on the current rate sheet are illiquid rates and Seller may not be able to relock them.
- Loans that are relocked must meet all current product eligibility guidelines.
- Loans that have expired and have been relocked more than once may be subject to additional fees or may become ineligible for relock.

- If a Loan has been expired or cancelled for more than 120 consecutive days, the Loan can be relocked at current market pricing with no market comparison and is no longer subject to the cost of previous extensions. In most cases, a new loan number will be assigned, and the old expired loan number will be withdrawn.

4.5.3 Relock Fees and Terms

If a Seller requests to relock an individual Mandatory Commitment or Best Efforts Commitment Loan that is expired or canceled for less than 30 days, the relock will be subject to the following conditions:

- PHH will relock Loans up to a maximum of four times for no greater than a total of 60 days, never to exceed the original lock window.
- All relocks are subject to current PHH product eligibility guidelines. Loans not meeting current product guidelines will not be eligible for relock.
- Relock windows for Mandatory Commitments can only be taken in increments of 5, 10, 15 or 30 days, but may not be longer than the original lock window.
- Relocks for Best Efforts Commitments can only be taken in increments of 15, 30, 45, 60 & 75 days, but may not be longer than the original lock window.
- Relocks are calculated on a worst-case pricing basis.

Once the requested relock period is established, comparisons for the same product and interest rate will be made between the most recent lock base price versus original lock base price.

If the Seller requests to relock an undelivered Loan that has been expired or canceled for more than 30 days, the Loan will be eligible to be relocked at current market without worst-case pricing comparison or relock fee.

Example # 1

A Loan is locked for 30 days at a base price of 101.00. The current comparable 30-day price is 101.50. The commitment expires and a relock is requested for additional 30 days at the original price since the current market price is higher.

Example #2

A Loan is locked for 30 days at a base price of 101.00. The commitment expires and a 30-day relock is requested on the day after the original lock expiration. The current comparable 30-day price is 99.50. Since the current price is worse and more than a 31 -day extension, the Loan is relocked for 30 days at current market.

4.5.4 Late Delivery

Mandatory Bulks and Best Efforts:

All commitments delivered after lock expiration will accrue a late delivery fee as stated below:

Late Delivery Fees		
Commitment Type	Scenario	Fee
Mandatory	Market Price Increases	Full Market Move
	Market Price Flat/Decreases	No Fee
Best Efforts	Market Increases < 12.5 bps	12.5 bps
	Market Increases > 12.5 bps	Full Market Move
	Market Price Flat/Decreases	No Fee

4.6 Age of Loans

PHH does not purchase Loans if the Mortgage Note date is over 90 days old at the time of Loan purchase. If the Mortgage Note date is 90 or more days old, the Seller must contact the PHH Rate Lock Desk for next steps.

4.7 Failure to Deliver

Any contingency, issue, process, or scenario not covered in this Guide should be considered outside of PHH policy and, therefore, subject to review by the Rate Lock Desk. Sellers are encouraged to call the Rate Lock Desk when they have questions or pricing issues with a Loan. An agent will make every effort to resolve the issue, but if the issue cannot be resolved, the matter may be escalated to the Manager of the Rate Lock Desk.

4.7.1 Mandatory and Best Efforts Commitments

Participation in a Mandatory Commitment or Best Efforts Commitment is permitted at PHH's discretion. PHH reserves the right to limit the outstanding undelivered commitment amount available to the Seller. The Seller must be approved by PHH's Credit Risk Group prior to taking out Mandatory Commitment or Best Effort Commitments. PHH may restrict or suspend the Seller's future participation in a Mandatory Commitment or Best Effort Commitment at any time.

Unless otherwise stated by the Rate Lock Desk, the Seller must deliver eligible loans under the requested delivery commitment, conforming to the applicable Loan program described in the commitment, with a loan amount that is within 2% (plus or minus) of the original committed amount.

To the extent the Seller's delivery of eligible Loans under a Mandatory Commitment has an aggregate outstanding principal balance (subject to the allowances stated above) less than the commitment amount, PHH may, at its discretion, charge the Seller a pair-off fee. It is the Seller's responsibility to notify PHH if the Seller cannot deliver a Loan under a Mandatory Commitment on time. PHH may, at its discretion, assess a fee in accordance with the Seller Agreement.

4.7.2 Withdrawing or Canceling Loans

A Seller may request PHH to cancel or withdraw a Loan. Once cancelled or withdrawn for any reason, the Loan immediately ceases to be price or guideline protected. There can be no reinstatement of that specific loan number. Should the Seller request a loan reinstatement, and should PHH reinstate the Loan, it will be re-registered and re-priced according to worst-case pricing policies. All extension fees remain with the Loan. Cancellation may take place through the [PHH Correspondent Lending website](#) or through the Rate Lock Desk. All pair off fees will be applied to all Loans closed that have been delivered to PHH for review. See section 4.7.5 for calculation of fees.

If a delivered Loan is cancelled before commitment expiration, PHH may allow for a substitution. Any substitution must be within the applicable tolerance ranges shown in the Table below. If the substitution is not possible, PHH will apply the pair off fee to the individual commitment.

PHH Mortgage Seller Guide

Registration and Pricing

Failure to Deliver

PHH Mortgage

PHH

Substitution MND	Tolerance
Original Loan Amount	2%
Product Offering	Same Product Description
Note Rate	< or > .25 movement
Substitution BE	Tolerance
Original Loan Amount	5%
Product Offering	Same Product Description
Note Rate	< or > .25 movement

The Seller is responsible for monitoring and ensuring that only authorized personnel make requests for cancellation. PHH will automatically withdraw and inactivate Loans that have been expired for greater than 45 days.

4.7.3 Early Payment Default (EPD)

If any of the first four payments due on a Loan following the date of purchase and sale from the Seller by PHH becomes 90 days or more delinquent, the Seller shall, at PHH's option, either repurchase such Loan at the Repurchase Price or indemnify PHH and its successors or assigns for any loss, expenses or costs (including attorneys' fees) related to such EPD. For purposes of this policy, a Loan is considered 30 days delinquent if the payment has not been received and applied by the end of the day immediately preceding the Loan's next due date. Receipt of payments originally due prior to the date on which PHH purchases the Loan will not satisfy EPD requirements. If indemnification is allowed by PHH, the Seller will be required to make payment according to the following schedule:

- Fannie Mae and Freddie Mac Loans: \$1,500 + (150 bps * UPB at the time of purchase)
- FHA/VA/USDA Loans: \$3,000 + (200 bps * UPB at the time of purchase)
- All other Loans: \$1,500 + (100 bps * UPB at the time of purchase)

In the event these payments do not cover all losses, expenses and costs (including attorneys' fees) related to such EPD, the Seller will be invoiced for the deficiency and shall promptly remit payment to PHH.

Indemnification is not an option for uninsured government loans or Conventional Loans for which the investor has demanded repurchase.

For Non-Agency products, a Loan is considered an Early Payment Default if any of the first four payments due on such Loan following the date of purchase and sale by the Seller to PHH becomes 30 days or more delinquent. With respect to each Delegated Seller, such Seller will be required to repurchase the applicable Loan if there is an Early Payment Default.

For Non-Delegated Loans that become an EPD, based on specific program requirement, PHH may perform a QC review to determine the source of the default. If the default relates to any misrepresentation or omission in connection with the Credit File submitted to PHH for underwriting or any change occurring after PHH has made an underwriting decision and/or credit and collateral approval of the Credit File, each as determined by PHH in its sole discretion, the EPD policy in this Section shall be applicable.

4.7.4 Early Payoff (EPO)

If a Loan sold by the Seller to PHH is paid in full within 180 days (excluding the Purchase Date but including the day of payoff) following the date of purchase by PHH, the Seller will be charged a penalty fee in accordance with the following schedule:

- For Loans paid in full within 90 days of purchase: repayment of the greater of (i) the premium price above par, or (ii) the applicable value in accordance with the SRP Product Grid set forth below.
- For Loans paid in full after 90 days and within 180 days of purchase: repayment of the applicable value in accordance with the SRP Product Grid below.

SRP Product Grid (fees are assessed as a percentage of the unpaid principal balance of the Loan at the time of acquisition by PHH).

- Fannie Mae and Freddie Mac Loans: 150 bps
- FHA/VA/USDA Loans: 200 bps
- All other Loans: 100 bps

Pursuant to Fannie Mae Announcement SEL-2012-13 and Freddie Mac Bulletin 2012-11, for Loans repurchased by the Seller, PHH reserves the right to require reimbursement by the Seller for any premium or buy up fee paid in connection with the purchase of the related repurchased Loan without regard to the 180 day limitation. PHH may exercise the right to terminate the Seller if the Seller is found to have an unacceptable number of Loans that payoff within 365 days of purchase by PHH determined at PHH's sole discretion.

4.7.5 Principal Curtailments

If a Loan sold by the Seller to PHH is paid down (including, without limitation, pursuant to a recast in accordance with Section 11.5) in excess of 30% of the unpaid principal balance (UPB) at the time of purchase, within 180 days (excluding the Purchase Date but including the day the Loan exceeds 30% of original UPB at time of purchase), the Seller will be charged a fee in accordance with the following schedule:

- Fannie Mae and Freddie Mac Loans: 150 bps * cumulative principal paydown amount
- FHA/VA/USDA Loans: 200 bps * cumulative principal paydown amount
- All other Loans: 100 bps * cumulative principal paydown amount

4.7.6 Calculation of Pair Off and Delivery Fees

For all commitment types, PHH will assess a pair off fee based on the below calculations.

Pair Off Fees		
Commitment Type	Scenario	Fee
Mandatory	Market Price Increases	Full Market Move
	Market Price Flat/Decreases	No Fee
Best Efforts	Market Increases < 12.5 bps	12.5 bps
	Market Increases > 12.5 bps	Full Market Move
	Market Price Flat/Decreases	No Fee

4.8 Rate Negotiations

Rate negotiations are not available.

4.9 Repurchase of Loans and Indemnification by Seller

4.9.1 Repurchase Obligation

Registration and Pricing

Repurchase of Loans and Indemnification by Seller

PHH Mortgage

PHH

Upon the occurrence of any of the following events, the Seller shall immediately repurchase the related Loan at the Repurchase Price and shall indemnify, save and hold harmless PHH and its officers, directors, agents, successors and assigns, from and against any and all resulting losses, damages, costs or expenses, including attorneys' fees:

- The Seller breaches any representation, warranty, covenant or agreement regarding a Loan.
- The Seller fails to provide all of the documentation required by PHH and/or fails to satisfy all other requirements of the Seller Agreement within 60 days following the Closing Date. Such date shall be extended to a date 90 days following the Closing Date for documents timely sent out for recording, but not yet returned due to delays solely within the applicable recording office.
- With regard to FHA Loans, VA Loans, or USDA Loans, the Seller fails to submit for FHA Mortgage Insurance Certificate (MIC) or VA Loan Guaranty Certificate (LGC) or USDA Loan Note Guarantee (LNG) within 60 days following the date of the Mortgage Note.
- With regard to FHA Loans, USDA Loans or VA Loans, in the reasonable judgment of PHH, the related MIC, LNG or LGC cannot be obtained, or any required private mortgage insurance or guaranty, lapses, is rescinded, or a claim thereon is denied or not paid unless directly caused by the negligence of PHH.
- PHH repurchases any Loan previously conveyed, transferred, or assigned by PHH to any third party due to defects which existed prior to, or arose as a result of an occurrence on or before the Closing Date, or any third-party investor refuses to purchase a Loan due to defects which existed prior to or arose as a result of an occurrence on or before the Closing Date.
- The Loan File or Credit File contains any fraudulent document, or any misstatement or omission of material fact, regardless of whether such Loan is delinquent.
- Any mortgagor under a loan is in default of any obligation to pay taxes and/or insurance in accordance with the applicable provisions of the underlying mortgage and such default occurs within 90 days of the related Closing Date.
- Any mortgagor under a Loan files for protection, as a debtor, in any state or federal bankruptcy or insolvency proceeding within 90 days of the related Closing Date.
- For any Loan incapable of being repurchased due to inclusion in a Ginnie Mae pool, the Seller agrees to comply with all Ginnie Mae requirements and procedures to remedy or address all issues related to such Loan, including any required repurchase of such Loan in accordance with Ginnie Mae requirements.

- Notwithstanding any applicable cure period or extension of time with respect to a deficiency in such Loan, if PHH is unable to sell such Loan into the secondary mortgage market that it wishes to sell because of any breach of the Seller Agreement by the Seller or fraud or misrepresentation in connection with any loan documentation, or any misleading, false or erroneous statements or information that is contained in any document submitted with or included as part of the loan documentation.
- Seller's noncompliance with the requirements under this Guide or the Seller Agreement adversely affects the value of such Loan or PHH's interest in such Loan.

4.9.2 Repurchase Procedures

Upon discovery of one or more deficiencies relating to a Loan, PHH will send an initial demand to the Seller via email setting forth such deficiency and indicating that a Loan requires repurchase. Seller will have 15 calendar days to cure the deficiencies relating to such Loan that are capable of cure within such 15 calendar day period; provided, however, that PHH may, in its sole discretion exercised in good faith, identify a shorter or longer period of time to cure based on the circumstances and any investor demand at the time. Prior to the expiration of the applicable cure period, the Seller may submit a letter requesting formal appeal relating to such Loan deficiencies. If the formal appeal is rejected by PHH, in its sole discretion exercised in good faith, the Seller may submit a letter requesting a second appeal within 10 calendar days of the rejection date of the first appeal request.

In the event that (1) the deficiencies are not cured or are not capable of cure within the applicable cure period set forth above or (2) if applicable, the second appeal is denied, the Seller shall pay the Repurchase Price, as set forth in an invoice provided to the Seller, within 10 calendar days of the invoice date. In the event the Seller does not pay the Repurchase Price within such 10 calendar day period, PHH may, at its option, exercise any of its set-off rights as set forth in this Guide, the Seller Agreement or otherwise until the Repurchase Price is received in full by PHH.

Loans which have been previously repurchased from or require indemnification of Fannie Mae, Freddie Mac, Ginnie Mae, FHA, USDA, or VA are ineligible for purchase by PHH. If the Seller seeks to cure a deficiency by refinancing a Loan in lieu of repurchasing the Loan, such refinanced Loan may be ineligible for purchase by PHH, in PHH's sole discretion exercised in good faith.

4.9.3 Repurchase Price

The Repurchase Price for a Loan subject to a Repurchase by the Seller shall be calculated in accordance with and include the following:

1. The Purchase Price, Premium and SRP: The Purchase Price, including the SRP or the greater of any premium paid in excess of par or 100 basis points of the purchased Loan amount if the Loan is not eligible for sale to an Agency paid to the Seller at the time of purchase, applied to the outstanding principal balance due and owing on the Loan as of the date of Repurchase; plus
2. Modified Mortgage Loan Amount: To the extent PHH, as part of its loss mitigation efforts, enters into an agreement modifying the terms of the Loan (a "Modification Agreement") with a Mortgagor suffering an involuntary inability to pay its Mortgage under the original terms of the Mortgage Note, the Repurchase Price will be calculated based on the outstanding principal balance based on the modified Loan amount, which may increase the amount of the unpaid principal balance due to capitalization of interest, escrow amounts and/or other advance amounts; plus
3. Escrow and Advances: Any servicing or escrow advances made by PHH with regard to such Loan that remain unreimbursed as of the date of Repurchase; plus
4. Expenses: Any and all documentary stamp taxes, recording fees, transfer taxes, and all other expenses payable in connection with any such Repurchase, including, without limitation, any loss relating to the Loan, all costs, expenses and liabilities incurred by PHH in connection with the repurchase of such Loan from any third party, reasonable attorneys' fees, costs and expenses incurred by PHH, and any other loss or expense in connection with property preservation, costs of property inspections, and costs of broker price opinions; plus
5. Interest, Penalties, and Fees: All accrued but unpaid interest from the last date through which interest has been paid through and including the last day of the month in which the Seller repurchases the Loan and the Repurchase Price is received in full by PHH together with; plus any and all penalties and fees charged to PHH by any servicer of such Loan, including, but not limited to, late fees and restoration fees; plus, any late fees that PHH may charge, in its sole discretion, in connection with PHH's costs to carry the Loan on its books as a result of the failure of the Seller to timely pay the Repurchase Price.

4.10 Problem Resolutions

Any contingency, issue, process, or scenario not covered in this Guide should be considered outside of PHH policy and, therefore, subject to review by the Rate Lock Desk. Sellers are encouraged to call the Rate Lock Desk when they have questions or pricing issues with a Loan.

An agent will make every effort to resolve the issue, but if the issue cannot be resolved, the matter may be escalated to the Team Leads for resolution. If the resolution is not satisfactory, the problem can be escalated to the Manager of the Rate Lock Desk.

CHAPTER 5.

UNDERWRITING OPTIONS

PHH offers delegated underwriting on all loan products. Sellers must have all applicable required designations and/or approval status required for all loan products delivered to PHH for purchase.

Sellers are responsible for ensuring that all Loans submitted to PHH for purchase meet Agency guidelines, PHH product parameters, underwriting guidelines, and all applicable federal, state, and local laws and regulations.

5.1 Borrower Eligibility

PHH limits borrower concentration to a maximum number of 4 loans per borrower within PHH's servicing portfolio. In addition, the maximum aggregate outstanding balance shall not exceed \$3,000,000 for any borrower, and the maximum loan amount for any single VA guaranteed Loan shall not exceed \$2,500,000. The foregoing does not include Loans that are sub-serviced by PHH.

5.2 Delegated/Contract Underwriting

PHH will purchase Conventional Loans within conforming loan balances that receive DU Approve/Eligible or LPA Accept recommendation and have been underwritten and approved by specific prior approved delegated underwriters.

PHH will purchase government loans within conforming loan balances that receive AUS Accept/Eligible recommendations or Refer/Eligible approved by a DE or SAR underwriter.

PHH will purchase USDA loans within conforming loan balances that are GUS approved (not manually underwritten).

5.2.1 Loan Eligibility

Loans must meet all Agency guidelines, federal, state and local regulatory requirements, any applicable PHH overlays or limitations, and have an AUS approval from the applicable Agency. For FHA-NTC (non-traditional credit), PHH may accept manually underwritten FHA Loans subject to satisfaction of the following criteria:

- Seller must provide an AUS result with a decision to "Refer due to credit" and;
- Seller must satisfy all applicable Agency requirements relating to non-traditional credit.

5.2.2 Government Sponsorship

FHA/VA Loans: The Seller is responsible for complying with all insurance and fee payment requirements, including, without limitations, remitting the upfront MIP/VAFF/ Loan Guarantee fee and insuring and providing evidence of insurance and payment at time of submission for purchase. Any Seller unable to satisfy the insuring process must contact its Regional Sales Executive immediately to discuss possible alternatives.

5.2.3 Credit Exceptions

Credit exception requests may be submitted to PHHCorrespondentScenarioHelpDesk@phhmortgage.com for credit exceptions prior to Loan submission for underwriting. Each request must include the completed exception form and all applicable supporting documentation. The exception form can be located on TPO Connect or the PHH Correspondent portal.

PHH will respond to an exception request in writing. The exception form must be uploaded with the Credit File at the time of submission to PHH for underwriting.

PHH reserves the right to rescind any exception approval if PHH determines, in its sole discretion, at the time of submission of the Loan for underwriting or purchase that the Loan or Credit File does not match exception details set forth in the exception form.

5.2.4 Automated Underwriting System (AUS) Sponsorship

CHAPTER 6. CREDIT POLICY AND UNDERWRITING

All Loans must adhere to Agency guidelines, PHH product parameters and underwriting guidelines.

6.1 Documentation Requirements

The application package must contain acceptable documentation to support the underwriting decision. When standard documentation does not provide sufficient information to support the decision, additional explanatory statements and/or documentation must be provided. All documentation must follow the more restrictive of the applicable AUS or the related Agency guidelines, PHH product parameters and underwriting guidelines.

6.1.1 Complete Applications Required

All applications submitted to underwriting must be accurate and complete. All applications dated on or after 3/1/2021 must be completed on the redesigned URLA form.

6.1.2 Zero Fraud Tolerance

Fraud is the intentional misrepresentation of facts that are material to the underwriting decision on a Loan. PHH has a zero tolerance policy on matters relating to fraud or misrepresentation. Verification of all information will occur, and if fraudulent activity is suspected, it shall be properly reported to PHH's Bank Secrecy Act Officer or Compliance Officer.

PHH requires Sellers to ensure that no Person involved in the origination process, including but not limited to borrowers, loan officers, brokers, underwriters, processors, appraisers, sellers, builders, closing attorneys, escrow/settlement agents and title companies, appears on any of the industry, investor, and/or Agency exclusionary lists. Persons that must be screened include each Seller's employees, managers, and owners. PHH will not purchase any Loan if a Person involved in the origination process appears on any such exclusionary list.

Each Seller must review all industry, investor, and/or Agency exclusionary lists including, but not limited to, Federal General Services Administration Excluded Party List, Office of Foreign Assets Control (OFAC) Specially Designated

Nationals and Blocked Persons List, Freddie Mac Exclusionary List, HUD's Limited Denial of Participation List (FHA), Fannie Mae Appraiser Watchlist and Federal Housing Finance Agency (FHFA) Suspended Counterparty Program (SCP) for matches to ensure and validate that no Persons listed above appear on any exclusionary list and the Seller does not employ or have a contract with any Person listed on any of the industry, investor, and/or Agency exclusionary lists. Proof of this validation must be included in the Loan File at time of delivery. Additionally, in the event that a Person listed above ("Subject Person") has a name in common with a matched Person ("Listed Person") on any exclusionary list, the Seller must include in the Loan File any evidence and/or documentation that proves that the Subject Person is not the Listed Person.

6.1.3 Age of Documents

Information used to make the credit decision must be current. The maximum age of documents at closing is as follows:

Table 6 - 1

Item	Existing Property Age as of Mortgage Note Date	New Construction Age as of Mortgage Note Date
Initial Application	120	120
Credit Report	120	120
Income Documentation	120	120
Asset Documentation	120	120
Appraisal	120/180 (FHA/VA/USDA)	180
Title Commitment	90*	180*

*Must be dated within 30 days of initial application and no more than 60 days of the Mortgage Note date.

Some documents, such as tax returns or divorce decrees, are not subject to these timeframes, as their validity does not change over time.

6.1.4 Direct Written Verifications

Written verifications for employment, deposit accounts and/or mortgage/rental history (VOE/VOD/VOM) must pass directly between the lender and employer, financial institution, mortgagor/landlord, as applicable, without being handled by any third party.

Documentation must not contain any alterations, erasures, and correction fluid or correction tape.

Copies must be stamped, "Certified, True and Exact Copies of the Original."

6.1.5 Paystubs

PHH requires that all paystubs relied upon for income verification must meet all of the following criteria:

- Clearly identify the borrower as the employee
- Show the gross earnings and deductions for both year-to-date and the pay period
- Show the pay period covered
- Show the employer's name

Alternative Documentation

Alternative documentation provided in lieu of verifications of employment and/or verifications of deposit (when permitted by the Agency) must be legible originals or certified true and exact copies. The documentation cannot contain any alterations, erasures or white-outs.

Each copy must be stamped and signed by the loan processor or branch manager, certifying that they are true copies of the originals.

Reverification Authorization

A borrower's consent must be evidenced by a signature on the appropriate form in order to allow subsequent re-verification as required by investors.

6.1.6 Mortgage Insurance

Conventional Loans with LTVs greater than 80% require mortgage insurance, unless otherwise specified in product guidelines. Required coverage varies according to range of LTV, term of loan, loan type (fixed or ARM), loan product, and whether the property is a manufactured home or traditional build.

PHH does not accept minimum mortgage insurance coverage at this time. PHH reserves the right to charge Agency LLPA's and other administrative fees if a loan is purchased with minimum mortgage insurance.

6.1.7 Credit Report Requirements

PHH requires the following with respect to borrower credit reports:

A credit report is required for each borrower on the loan application. The credit report must be no more than 120 days old on the date the Mortgage Note is signed. The credit report must be based on data provided by the national credit repositories. The Loan File must obtain a three repository, merged in-file report, including credit scores, or a full Residential Mortgage Credit Report (RMCR), which conforms to all secondary market standards.

The credit report must include all available public records information, identify the sources of the public records information and disclose whether any judgments, foreclosures, tax liens or bankruptcies were discovered.

The credit report must indicate the dates that accounts were last updated, as well as provide all pertinent information including creditor's name, opening date, high credit, current status, required payment, unpaid balance and payment history. All inquiries for the previous 90 days must be indicated on the credit report.

6.1.8 Credit Inquiries

If a credit report indicates that a creditor has made an inquiry into the borrower's credit in the past 120 days, the Seller must determine if such credit was granted and if so, must consider the additional debt in qualifying the borrower.

CHAPTER 7.

APPRAISAL REQUIREMENTS

All appraisals on Loans offered for sale to PHH must be compliant with Appraiser Independence Requirements (AIR) specified by the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the FDIC and the Office of Thrift Supervision, and Property Data Collector Independence Requirement (PDCIR). AIR was developed by Fannie Mae, the Federal Housing Finance Agency (FHFA), Freddie Mac and key industry participants to replace the Home Valuation Code of Conduct (HVCC), effective October 15, 2010 and Property Data Collector Independence Requirement (PDCIR). The updated requirements maintain the spirit and intent of the HVCC and continue to provide important protections for mortgage investors, home buyers and the housing market.

PHH requires compliance with all applicable laws by appraisers to ensure appraisals of the market value of a property are not based (either completely or in part) on race, color, religion, gender, gender expression, age, national origin, disability, marital status, source of income, sexual orientation, familial status, employment status, or military status of either the present or prospective owners or occupants of the subject Property, or of the present owners or occupants of the properties in the vicinity of the subject property, or any other basis prohibited by the federal Fair Housing Act of 1968. PHH provides data collection options for complaints about appraisals/appraisers and PHH requires education requirements for appraisers.

7.1 Appraiser Independence Safeguards

An appraiser must be, at a minimum, licensed or certified by the state in which the property to be appraised is located.

No employee, director, officer, or agent of the Seller, or any other third party acting as joint venture partner, independent contractor, appraisal company, appraisal management company, or partner on behalf of the Seller, shall influence or attempt to influence the development, reporting, result, or review of an appraisal through coercion, extortion, collusion, compensation, inducement, intimidation, bribery, or in any other manner including but not limited to:

- Withholding or threatening to withhold timely payment or partial payment for an appraisal report.
- Withholding or threatening to withhold future business for an appraiser or demoting or terminating or threatening to demote or terminate an appraiser.
- Expressly or impliedly promising future business, promotions, or increased compensation for an appraiser.

- Conditioning the ordering of an appraisal report or the payment of an appraisal fee or salary or bonus on the opinion, conclusion, or valuation to be reached, or on a preliminary value estimate requested from an appraiser.
- Requesting that an appraiser provide an estimated, predetermined, or desired valuation in an appraisal report prior to the completion of the appraisal report or requesting that an appraiser provide estimated values or comparable sales at any time prior to the appraiser's completion of an appraisal report.
- Providing to an appraiser an anticipated, estimated, encouraged, or desired value for a subject property or a proposed or target amount to be loaned to the borrower, except that a copy of the sales contract for purchase transactions may be provided.
- Providing to an appraiser, appraisal company, appraisal management company, or any entity or person related to the appraiser, appraisal company, or appraisal management company, stock or other financial or non-financial benefits.
- Removing an appraiser from a list of qualified appraisers, or adding an appraiser to an exclusionary list of disapproved appraisers, in connection with the influencing or attempting to influence an appraisal (this prohibition does not preclude the management of appraiser lists for bona fide administrative or quality-control reasons based on written policy).
- Any other act or practice that impairs or attempts to impair an appraiser's independence, objectivity, or impartiality or violates law or regulation, including, but not limited to, the Truth in Lending Act (TILA) and Regulation Z, or the Uniform Standards of Professional Appraisal Practice (USPAP).

7.2 Acceptability of Subsequent Appraisals

A Seller must not order, obtain, use, or pay for a second or subsequent appraisal in connection with a mortgage financing transaction unless

- there is a reasonable basis to believe that the initial appraisal was flawed or tainted and such basis is clearly and appropriately noted in the Loan File;
- such appraisal is done pursuant to written, pre-established bona fide pre- or post-funding appraisal review or quality control processes or underwriting guidelines, and so long as the Seller adheres to a policy of selecting the most reliable appraisal, rather than the appraisal that states the highest value; or
- a second appraisal is required by law.

7.3 Borrower Receipt of Appraisal

The Seller shall ensure that the borrower is provided a copy of any appraisal report concerning the subject property promptly upon completion at no additional cost to the borrower, and in any event no less than three days prior to the closing of the mortgage. The borrower may waive this three-day requirement if such waiver is obtained at least three days prior to the closing of the mortgage. The Seller may provide the borrower at closing, a revised copy of an appraisal and information as to the nature of any revisions, so long as the revisions had no impact on value.

The Seller may require the borrower to reimburse the Seller for the actual cost of the appraisal; however, the borrowers cannot be charged a fee for a copy of their appraisal. If this fee is shown on the Closing Disclosure, PHH will require a refund to the borrower prior to purchase.

7.4 Appraiser Engagement

The Seller or any third party specifically authorized by the Seller (including, but not limited to appraisal companies, appraisal management companies, and correspondent lenders) shall be responsible for selecting, retaining, and providing for payment of all compensation to the appraiser. The Seller will not accept any appraisal report completed by an appraiser selected, retained, or compensated in any manner by any other third party (including mortgage brokers and real estate agents).

There must be separation of a Seller's sales or mortgage production functions and appraisal functions. An employee of the Seller in the sales or mortgage production function shall have no involvement in the operations of the appraisal function.

Certain parties are prohibited from the following actions:

- Selecting, retaining, recommending, or influencing the selection of any appraiser for a particular appraisal assignment or for inclusion on a list or panel of appraisers approved or forbidden to perform appraisals for the Seller; and
- Having any substantive communications with an appraiser or appraisal management company relating to or having an impact on valuation, including ordering or managing an appraisal assignment.

These parties include:

- All members of the Seller's mortgage production staff
- Any person who is compensated on a commission basis upon the successful completion of a mortgage

- Any person whose immediate supervisor is not independent of the mortgage production staff and process

Seller's personnel not described above are not subject to the restrictions, and may engage in communications with an appraiser. In addition, any party, including the parties described above, may request that an appraiser provide additional information or explanation about the basis for a valuation, or correct objective factual errors in an appraisal report.

If absolute lines of independence cannot be achieved as a result of the Seller's small size and limited staff, the Seller must be able to clearly demonstrate that it has prudent safeguards to isolate its collateral evaluation process from influence or interference from its mortgage production process.

Any employee of the Seller (or if the Seller retains an appraisal company or appraisal management company, any employee of that company) tasked with selecting appraisers for an approved panel or substantive appraisal review must be

- Appropriately trained and qualified in the area of real estate appraisals; and in the case of an employee of the Seller, wholly independent of the mortgage production staff and process.

7.5 Use of Appraisal Reports by In-House Appraisers or Affiliated Appraisers

In underwriting a mortgage, the Seller may use an appraisal report prepared by an appraiser employed by:

- The Seller
- An affiliate of the Seller
- An entity that is owned, in whole or in part, by the Seller
- An entity that owns, in whole or in part, the Seller

The Seller may also use an appraisal prepared by an appraiser employed, engaged as an independent contractor, or otherwise retained by an appraisal company or any appraisal management company affiliated with, or that owns or is owned, in whole or in part, by the Seller or an affiliate of the Seller, provided that the Seller complies with the provisions of these Appraiser Independence Requirements in this Guide, including without limitation in this Chapter 7.

The Seller may use in-house staff appraisers to:

- Order appraisals

- Conduct appraisal reviews or other quality control, whether pre-funding or post-funding
- Develop, deploy, or use internal Automated Valuation Models (AVMs)
- Prepare appraisals in connection with transactions other than mortgage origination transactions (e.g., mortgage workouts), if the Seller complies with the provisions of these Appraiser Independence Requirements

7.6 Transfer of Appraisals

PHH does accept Loans where the appraisal was transferred from another lender provided the file includes the following:

- First generation appraisal.
- Successful FNMA and FHLMC Submission Summary Report (SSR).
- Appraisal delivery certificate from transferring lender evidencing delivery of appraisal to the borrower. If appraisal was sent electronically, the borrower may forward the email they received when the appraisal was delivered.
- Appraisal transfer letter that includes the following:
 - Must be on the letterhead of the original transferring financial institution
 - Current Date
 - Borrower Name
 - Property Address
 - A statement transferring the ownership of the appraisal to the Seller
 - The following statement: “(Original Transferring Financial Institution) certifies and warrants that the reference appraisal was prepared in accordance with, and is compliant with, the Appraisal Independence Requirements (AIR), Truth in Lending regulations, and all applicable laws.”
 - Signature of an Officer of the transferring financial institution that is not in Loan Production. (Note: Loan Officers, LO Assistants etc. are not eligible to sign the transfer letter)
 - Compliancy of ordering and processing according to, but not limited to, Dodd Frank, FIRREA, Appraiser Independence Requirements, and Consumer Protection Acts; and
 - Assurance of most recent complete appraisal assignment (i.e., 1004, 1025, 1073 etc., but not 1004D, 1075, 2000, 2000A, 2070, 2075, 2095 or any “Subject To” or Recertification of Value assignments)

7.7 Referrals of Appraisal Misconduct Reports

Any Seller that has a reasonable basis to believe an appraiser or appraisal management company is violating applicable laws, or is otherwise engaging in unethical conduct, shall promptly refer the matter to the applicable State appraiser certifying and licensing agency or other relevant regulatory bodies.

7.8 Appraiser Independence Compliance

Sellers must adopt written policies and procedures implementing these Appraiser Independence Requirements, including, but not limited to, adequate training and disciplinary rules on appraiser independence. Additionally, Sellers must ensure that any third parties, such as appraisal management companies or correspondent lenders used in conjunction with the sale and delivery of a mortgage to PHH are also in compliance with these Appraiser Independence Requirements.

7.9 Uniform Collateral Data Portal

Conventional Loans with properties that have Collateral Underwriter (CU) scores of 5 will be ineligible for purchase by PHH.

For Loans with CU scores of 4.0-4.9, PHH will pull Automated Valuation Model (AVM) If value is not supported by the AVM, PHH will require additional documentation to support the value.

CHAPTER 8.

CLOSED LOAN FILE DELIVERY

To submit a Loan File for a closed Loan for review, the Seller selects the Loan under the Pipeline View via PHH Correspondent portal. After the commitment is open, under the Loan Summary option on the toolbar the Seller will click on the "Upload Closed Ln Pkg Here" link. Once all files have been uploaded, the Seller will select Submit for Review under the Loan Summary Toolbar to complete. Notification will indicate the file has been submitted for review.

Note: The 3.4 file must be uploaded prior to a Loan being submitted for review and the Submit For Review step must be completed for the Loan to be considered a good delivery.

Upon completion of the upload, the Seller must review to ensure accuracy.

The Document Delivery Checklist is required on all PHH Loans being submitted for purchase. The Seller must include all documentation listed within the Document Delivery Checklist as applicable. Items not provided as indicated on the form may cause a delay in the review and purchase of the Loan.

The information contained in this section does not reflect all required documentation. The Seller must use the Document Delivery Checklist for additional submission requirements and submit any and all documents/information as per Agency guidelines and PHH product parameters and underwriting guidelines.

The information contained in all commitments, advices, schedules, computer tapes or other documents prepared by the Seller or on behalf of the Seller or otherwise provided to PHH relating to the Loan is complete, true and correct.

Important Tips

- The Seller must re-run AUS prior to closing once final numbers are determined.
- If funds required for closing increase and/or funds available for closing and reserves decrease, Seller must re-run AUS.

Electronic Upload of Documents for Delivery

Closed Loan Files must be submitted by 11:59 p.m. ET for the documents to be received by PHH Correspondent Lending on that day.

Outstanding Conditions

Any questions related to outstanding conditions should be addressed with the PHH Correspondent Support Team. Outstanding conditions on the Loan will delay final purchase. Documents to clear outstanding conditions should be uploaded to the Loan via PHH Correspondent portal by attaching the document to the Purchase Condition and clicking Ready for Review. The Ready for Review step alerts PHH that the document has been uploaded. Not completing this step will delay the review of the document.

Seasoned Loans

A Seasoned Loan is a loan which the next payment due to PHH is two or more payments after the first payment due date. If the closed loan has aged greater than 60 days up to a maximum of 90 days of the Mortgage Note date, it may be eligible for an exception through the Rate Lock Desk. PHH will purchase Loans have had one to two payments applied. Seasoned Loans will only be considered if all of the following are satisfied:

- There are no more than two payments received from the first payment due date,
- The Loan has no transfer of servicing issues, and
- The Loan has a current pay history with no delinquencies.

8.1 Suspended Closed Loans

PHH will not purchase Loans with incomplete documents. If a document or qualification deficiency is determined, the Loan will be suspended.

Seller may incur late fees in the event that PHH does not receive the information or documentation needed to purchase the Loan within the following timeframe:

- Five (5) calendar days from the later of the commitment expiration or the initial suspense notification

If the Seller does not provide complete and compliant funding documents within the timeframe listed above, PHH may, at its discretion, allow or require any of the following (either singly or in any combination):

- Allow Seller additional time subject to payment of an extension or suspense fee (2 bps/day)
- Allow Seller additional time subject to PHH 's re-pricing the Loan
- Reject the delivery
- Reject the delivery and require payment by Seller of a pair-off fee

A delivery is not deemed accepted by PHH unless and until PHH acknowledges receipt of the closing and Credit Files, and in addition, wires applicable funds to Seller via wire instructions provided. A Purchase Advice detailing the funds sent will be posted to the secured website for the Seller to review.

After 30 days of suspense, if the deficiencies are still not cleared, the Loan will be determined to be un-purchasable. Loans with suspense items that cannot be cleared or Loans where Seller does not appear to be actively working to resolve will be canceled, and the Loan Files returned to Seller. These Loans will be paired-off, and all extension fees and suspense fees will be taken into account when determining the adjusted pair-off price.

Exceptions to this process will be at the discretion of PHH where as an exception, the Seller may be permitted to have a Loan remain in suspense longer than 30 days in order to accommodate special Seller circumstances. If PHH purchases a Loan that has been in suspense for more than 30 days, the Loan will be relocked, subject to the greater of either the accrued suspense fees for 30 days or worst-case market re-price. Worst-case market pricing will be determined by comparing base price to base price for the same rate lock terms. The delivery expiration will be reset to reflect the date relocked, no additional time will be provided. All previously applied fees such as extension charges will remain on the Loan.

Any Loans suspended greater than 30 days must also meet all current pricing and product guidelines and eligibility. Suspense fees and policies are at the discretion of PHH and are subject to change without notice.

8.2 Seller Obligations Prior to Purchase

Mortgage Payments

Prior to the transfer date, if applicable, any payments received by the Seller with respect to each Loan shall be properly applied by the Seller to the account of the related mortgagor.

MERS Registration

PHH will not purchase non-MERS Loans.

Payment of Hazard Insurance Policies

The Seller shall pay prior to the transfer date, all hazard insurance premiums due within 45 days from the closing/settlement date, provided that the Seller has received bills for such insurance premiums prior to the transfer date. The Seller agrees that PHH may act as attorney-in-fact in order to endorse the Mortgage Notes from the Seller to PHH, and to execute necessary documents, such as, but not limited to assignments of mortgages, deeds of trust, deeds to secure debt and other documents securing those Mortgage Notes, giving PHH the authority to do each action fully as Seller. This power of attorney can only be revoked or discontinued by notification to PHH in writing. If the contract between PHH and Seller is terminated, this power of attorney will remain with PHH for a minimum of three years after termination.

8.5 Original Mortgage Note

If the Mortgage Note is endorsed by the warehouse bank, a copy of the POA from the Seller to the warehouse bank giving the warehouse bank authority to endorse the Mortgage Note must be included with the closed Loan File.
- PHH requires the use of original signatures for endorsements on original Mortgage Notes and allonges. Facsimile signatures are not acceptable.

If a Loan is cleared for purchase, but the original Mortgage Note has not been marked as received by the custodian, PHH may reach out to the Seller to request the tracking number for the Mortgage Note package. In hybrid closings, eSigning of certain disclosures are accepted, but wet ink signatures are required on recorded and legal documents such as the Notice of Right to Cancel, Note, Security Instrument, and Closing Disclosure.

At this time, PHH does not accept any loans with a prepayment penalty unless the loan is originated as a PHH Non-Delegated Non-Agency product.

The following criteria apply to any Loan with a prepayment penalty:

- Name affidavits are not acceptable for errors. Errors must be corrected on the original document, if necessary.

- The POA must be executed prior to the closing documents and recorded prior to the recording of the mortgage/Deed of Trust.
- A statement from the Seller must be attached to the Mortgage Note, stating that they have determined that applicable law requires the use of a POA.
- POAs for VA Loans and USDA Loans must also meet VA or USDA, as applicable, specific requirements and an Alive and Well Certification must be obtained.
- PHH does not allow the use of a POA on a Texas Section 50(a)(6) Loan.

8.10 Blanket Authorization

A blanket authorization is required on all Loans and must be signed by each borrower. This is a requirement of all originating Sellers and allows PHH and/or its successors or assigns to re-verify information contained in the file post funding. Sellers may use their own version of the form but must ensure the verbiage contains its successors and/or assigns language.

8.11 Title Commitment/Binder/Title Policy

- Ensure that the unit does not encroach on another or on any common areas.
- Ensure that the condo project was created in compliance with applicable laws and statutes.
- Ensure that taxes are levied only against the individual unit and its undivided interest in the common elements rather than the entire project.
- Ensure that the owner of a PUD unit is a member of the HOA and that membership is transferrable if the unit is sold.

8.11.1 Title Insurance Requirements

The Loan must be covered by an ALTA form of lender's title insurance policy or other generally acceptable form of policy of insurance acceptable to Fannie Mae or Freddie Mac, issued by, and the binding obligation of, a title insurer acceptable to Fannie Mae or Freddie Mac and qualified to do business in the jurisdiction where the mortgaged property is located. The title insurance must insure the Seller, its successors and assigns, as to the first priority lien of the mortgage in the original principal amount of the Loan. The title insurance policy must include all required endorsements for coverages as needed based upon the specific attributes of each mortgaged property.

Without prior exception review and approval by PHH, an attorney opinion letter will not be accepted in lieu of a title insurance policy.

8.11.2 Waived Title Exceptions

PHH requires affirmative coverage over all defects unless the defect is subject to one of the following:

- Customary public utility subsurface easements in place and completely covered within the mortgaged property as long as they do not extend under any buildings or other improvements.
- Above-surface public utility easements that extend along one or more of the property lines for distribution purposes or along the rear property line for drainage purposes, as long as they do not extend more than 12 feet from the property lines and do not interfere with any of the buildings or improvements or with the use of the property itself.
- Mutual easement agreements that establish joint driveways or party walls constructed on the security property and on an adjoining property, as long as all future owners have unlimited and unrestricted use of them.
- Restrictive covenants and conditions, and cost, minimum dwelling size, or set back restrictions, as long as the violation will not result in a forfeiture or

reversion of title or a lien of any kind for damages, or have an adverse effect on the fair market value of the property.

- Encroachments of one foot or less on adjoining property by eaves or other overhanging projections or by driveways, as long as there is at least a 10-foot clearance between the buildings of the security property and the property line affected by the encroachment.
- Encroachments on adjoining properties, as long as those encroachments consist only of hedges or removable fences.
- Outstanding oil, water, or mineral rights as long as they do not materially alter the contour of the property or impair its value or usefulness for its intended purpose.
- Variations between the appraisal report and the records of possession regarding the length of the property lines, as long as the variations do not interfere with the current use of the improvements and are within an acceptable range. (For front property lines, a 2% variation is acceptable; for all others, 5% is acceptable.)
- Rights of lawful parties in possession, as long as such rights do not include the right of first refusal to purchase the property. (No rights of parties in possession, including the term of a tenant's lease, may have duration of more than two years.)
- Minor discrepancies in the description of the area, as long as the Seller provides a survey and affirmative title insurance against all loss or damage resulting from the discrepancies.

Note: Properties with agricultural exemptions are not acceptable. This information may be found on either the tax certificate or title commitment.

8.11.3 Short Form Title Policy

PHH will generally accept a short form title policy provided that its use is acceptable to Fannie Mae or Freddie Mac

8.12 Survey

A current survey is required if the title policy contains any survey exceptions that will not be deleted from the final title policy. If the title company does delete any survey exception from the final title policy, a survey is not required. If required, the survey must be in the borrowers' name(s).

8.13 Flood Certification

A Life-of-Loan Flood Zone Determination Certification is required on all Loans. The flood certificate must reflect the information required on FEMA's Special Flood Hazard Determination form to determine if the property lies in a Special Flood Hazard Area (SFHA). The flood certificate must include the following:

- Borrower name (must match closing documents)
- Property address (must match closing documents)
- Flood zone
- NFIP map, panel, suffix number
- NFIP map date
- NFIP community name
- Community status
- Name of the flood certification vendor
- Vendor's certificate number
- Date of certification

A flood zone determination can be obtained from any FEMA-approved vendor as long as it is a life-of-loan determination.

8.13.1 Ineligible Determinations

PHH does not purchase Loans secured by properties located in nonparticipating communities, Coastal Barrier Resource Systems Areas or Other Protected Areas.

8.13.2 Special Flood Hazard Notice

A Special Flood Hazard Notice is required for properties located in a Special Flood Hazard Area (all zones in A or V) which require flood insurance. The notice must be provided at ten (10) days prior to closing (defined for these purposes to be the Mortgage Note date).

In addition, the Seller must comply with all flood requirements including, but not limited to, the content of and the timing of when the notice is provided to the borrower.

The specific language below is required to be added to the borrower disclosure:

- Notice of Special Flood Hazards (NSFH)
- Servicing Disclosure Statement Notice

Alternatively, if the language cannot be placed directly into the disclosures noted above, PHH will accept the language in a separate disclosure or as an addendum to the specified disclosures, provided it is acknowledged by the borrower.

Flood Insurance Coverage Subject to Change Disclosure:

We may assign, sell, or transfer the servicing of your mortgage loan. Your new lender/servicer may require more flood insurance coverage than the minimum amount that has been identified in your Notice of Special Flood Hazards (NSFH). The new lender/servicer may require coverage in an amount greater than the minimum, and has the right to require flood coverage at least equal to 100% of the insurable value (also known as replacement cost value) of the building used as collateral to secure the loan or the maximum available under the National Flood Insurance Program (NFIP) for the particular type of building. You should review your exposure to flood damage with your insurance provider, as you may wish to increase your coverage above the minimum amount required at the time of closing your loan versus what subsequently the new lender/servicer may require.

In addition to meeting PHH's requirements, Sellers are reminded that they must ensure they are complying with the notice requirements set forth by their applicable regulator.

8.14 Hazard Insurance

A current hazard insurance policy (Declarations Page, Certificate of Coverage, Evidence of Property Insurance, or Insurance Binder) is required on all Loans and must include the following information and meet the following requirements:

- Named Insured
 - FNMA: Must name all persons holding title to the subject property
 - FHLMC/FHA/VA/USDA: borrower names (must match closing documents exactly)
- Property address (matches closing documents exactly)
- Effective date, no later than the date of closing

- Expiration date of policy
- Policy must be for one year
- Policy number (does not apply to binders)
- Dwelling coverage amount
- Premium amount
- Deductible amount
- Agent's name, address, and phone number
- Purchase Transactions: Paid receipt for the first year's premium or Closing Disclosure indicating payment of the premium amount shown on the policy must be included in the Loan File. "POC" on the Closing Disclosure is not an acceptable form of proof paid.
- Refinance Transactions: If policy is due to expire within 30 days of purchase, a paid receipt for the next year's premium or Closing Disclosure indicating payment of the premium amount shown on the policy must be included in the Loan File. "POC" on the Closing Disclosure is not an acceptable form of proof paid.
- Mailing address is the same as property address except on second homes and investment properties; then, it should agree with the borrower's home address as shown
- Each policy must contain the standard mortgagee clause: PHH Mortgage, Its successors and/or Assigns ATIMA, P.O. Box 5954 Springfield, Ohio 45501
If the policy does not include windstorm and hail coverage, an additional policy is required. Windstorm coverage is generally included under the standard extended coverage policy through an endorsement. If the policy excludes or limits the windstorm coverage, it is not acceptable. The borrower must obtain a separate policy or endorsement from another commercial insurer that, with the existing policy, provides adequate total coverage. The maximum deductible for windstorm coverage may not exceed 5% of the limit maintained for dwelling coverage, or the maximum allowed under state law. The dwelling coverage for the windstorm policy must follow the same coverage requirements as the hazard policy.
- If binder coverage is provided, it must be at least a 60-day binder and include the dates for the full year of coverage. It must have at least 30 days left on the binder at the time PHH purchases the Loan.

8.14.1 Coverage

PHH requires that properties be covered by a standard extended coverage endorsement, which includes wind, civil commotion (including riots), smoke, hail, and damages caused by aircraft, vehicle, or explosion, in addition to common hazards such as fire. If these items are excluded, the borrower must obtain separate coverage from another acceptable commercial insurer.

The hazard insurance coverage must be equal to the lesser of the following:

- 100% of the insurable value of the improvements—as established by the property insurer
- Guaranteed Replacement Cost Endorsement, which provides that the insurer agrees to replace the insurable property, regardless of the cost or the Replacement Cost Endorsement
- The unpaid principal balance of the mortgage, as long as it equals the minimum amount of 80% of the insurable value (total appraised value minus the estimated site value) required to compensate for damage or loss calculated on a replacement cost basis

Note: Due to the revised Agency appraisal form, which eliminated the site value box, the estimated site value can be submitted with a notation in the comments section of the appraisal or an appraisal addendum signed by the appraiser.

If the hazard insurance is not equal to at least one of the above minimum coverage amounts, then additional hazard coverage that meets the minimum coverage amounts must be obtained before the loan can be purchased.

8.14.2 Deductible

The maximum allowable deductible must conform with FHA, VA, Ginnie Mae, Fannie Mae, Freddie Mac and USDA requirements. When a policy provides for a separate wind loss deductible, or if a second policy for wind loss is obtained the maximum deductible must conform with FHA, VA, Ginnie Mae, Fannie Mae, Freddie Mac and USDA Hazard insurance policies must be written with a 12-month term, except where mandated by state law.

Policies insuring personal property such as cars, boats, etc., are not acceptable. However, riders for coverage of personal items within the dwelling, e.g., furs, jewels, etc., will be accepted.

Insurance policies cannot be transferred from the seller to the borrower.

Sufficient impounds should be collected by the Seller to renew coverage at the due date. Payment plans or installments are only acceptable on Loans with escrow waivers.

Refinance Loans—the existing policy will be accepted provided the correct number of months escrow is collected on the Closing Disclosure.

8.15 Condominium and Attached PUD Insurance

A multi-peril type of master/blanket policy covering the entire condominium project is required. The policy must provide fire and extended coverage and all other coverage that is normally included. The master/blanket policy covering the common elements of a condominium project must cover all of the general and limited common elements that are normally included in coverage such as fixtures, building service equipment, and common personal property and supplies belonging to the homeowners' association.

The policy must also insure fixtures, equipment, and other personal property inside individual units. The condominium owners association must maintain blanket all risk coverage for the following:

- General and limited common elements within the condominium project
- Fixtures, machinery, equipment, and supplies maintained for the service of the condominium project
- Fixtures, improvements, alterations (betterment) and equipment within the individual condominium units

The master/blanket policy must show the HOA as the name of insured and reference the borrower(s) names and the specific property address including the unit number. A

master/blanket policy that identifies a range of units that includes the specific property address and unit number may satisfy the foregoing requirement.

A current master/blanket policy must be in effect on or before the Mortgage Note date and in effect for at least 45 days at the time that PHH purchases the loan.

If the current policy expires within 45 days of PHH purchasing the loan, a renewal policy with the renewal premium listed will be required before purchase.

8.15.1 Coverage

Coverage amounts must conform with FHA, VA, Ginnie Mae, Fannie Mae, Freddie Mac and USDA requirements. Minimum coverage for a master/blanket policy is \$1,000,000.00.

8.15.2 Deductible

The maximum allowable deductible must conform with FHA, VA, Ginnie Mae, Fannie Mae, Freddie Mac and USDA requirements. When a policy provides for a separate wind loss deductible, or if a second policy for wind loss is obtained the maximum deductible must conform with FHA, VA, Ginnie Mae, Fannie Mae, Freddie Mac and USDA requirements.

8.15.3 Name of Insured

The name of the insured stated under each required policy must be similar in form and substance to the following:

“Association of Owners of the {name of condominium} for use and benefit of the individual owners”

{designated by name}.

8.15.4 Liability Insurance

The HOA must have a comprehensive policy of public liability insurance, covering all the common elements, commercial spaces, and public ways in the condominium project. The insurance policy must contain a severability of interest endorsement, precluding the insurer from denying the claim of a condominium unit owner because of negligent acts of the HOA or other unit owners. Coverage must also include all other coverage in the kinds and amounts required by private institutional mortgage investors for projects similar in construction, location, and use. Liability coverage must be for at least \$1 million per occurrence for personal injury and/or property damage. For small condominium projects with only two to four units, liability coverage must be at least \$1 million per occurrence for personal injury and/or property damage.

8.15.5 HO-6/Walls-In

All attached projects, including two to four units, must also contain a walls-in hazard insurance coverage policy (commonly known as HO-6/Walls-In) unless there is proof that the master/blanket insurance policy of the HOA covers the interior of the unit including any additions, improvements, and betterments to its original condition in the event of a loss. The HO-6/Walls-In policy must be sufficient to repair the interior of the unit, including any additions, improvements, and betterments to its original condition in the event of a loss.

8.15.6 HO-6/Walls-In Coverage

Coverage amounts must conform with FHA, VA, Ginnie Mae, Fannie Mae, Freddie Mac and USDA requirements.

8.15.7 HO-6/Walls-In Deductible

The maximum allowable deductible must conform with FHA, VA, Ginnie Mae, Fannie Mae, Freddie Mac and USDA requirements. When a policy provides for a separate wind loss deductible, or if a second policy for wind loss is obtained the maximum deductible must conform with FHA, VA, Ginnie Mae, Fannie Mae, Freddie Mac and USDA requirements. If the borrower must obtain his own HO-6/Walls-In policy, the policy must be escrowed on any Loan where impounds are required.

If any insurance premiums are due in 45 days or less at the time that PHH purchases the Loan, the Seller is responsible for the payment prior to the purchasing of the Loan. The Seller is responsible for any penalties and/or

interest due to a late payment. The Seller is also responsible for any losses or damages that result from providing PHH with incorrect premium and/or due date information.

8.16 Detached PUD Insurance

Requirements for hazard insurance on a PUD are similar to those specified in above Section 15.

The homeowners' association must maintain a property insurance policy, with premiums being paid as a common expense. The policy must cover all of the common elements except for those that are normally excluded from coverage, such as land, foundation, excavations, etc. Fixtures and building service equipment that are considered part of the common elements, as well as common personal property and supplies, should be covered.

If the project's legal documents allow for blanket insurance policies to cover both the individual units and the common elements, a blanket policy is satisfactory. Coverage must be in an amount equal to the full replacement value of all of the PUD units, without deductions for depreciation or coinsurance, including the structural portions and fixtures owned by the PUD unit owners. Premiums must be a common expense of the PUD Corporation or HOA and must be included in the regular common assessments of the unit owners. Coverage should be in the name of the HOA or PUD Corporation as the insured for the benefit of the unit owners.

Each policy must contain the standard mortgagee clause endorsed to provide that any proceeds will be paid to the PUD Corporation or HOA for the use and benefits of Mortgagees as their interest may appear.

8.17 Flood Insurance

Any property that has any part of a building, dwelling, structure, improvement, or land situated in a Special Flood Hazard Area (SFHA) requires flood insurance. These are all areas in A or V flood zones.

Flood zone on the flood determination in the Loan File and the flood zone on the flood insurance policy must match. If there is a discrepancy, the borrower must obtain flood insurance for the flood zone listed on the flood determination.

Flood insurance may be waived only if FEMA has issued either a Letter of Map Amendment (LOMA) or Letter of Map Revision (LOMR). Complete documentation

PHH Mortgage Seller Guide

Closed Loan File Delivery

Flood Insurance

PHH Mortgage

PHH

including a revised Flood Certification with matching flood zone information must be included in the closed Loan File.

Under the National Flood Insurance Reform Act of 1994, flood insurance escrows may not be waived. When an escrow account is established for the payment of taxes, hazard insurance, mortgage insurance, assessments, or other similar items, escrows for flood insurance must be included. If escrows for the payment of taxes, hazard insurance, mortgage insurance, assessments, or other similar items are not required or are waived, an escrow account must be established for the flood insurance premiums. There is no exception to this policy.

If flood insurance is required, a flood insurance policy or the application for such insurance, along with a paid receipt evidencing the first full year's premium has been paid in full, must be included in the closed Loan File. Insurance must be placed on a property located in an area where flood insurance is required by the National Flood Insurance Act of 1968, as amended.

The policy/application must include the following information:

- Borrower names (matches closing documents exactly)
- Property address (matches closing documents exactly)
- Effective date and expiration date of policy
- Policy must be for one year only
- Policy number (does not apply to binders)
- Dwelling coverage amount
- Premium amount
- Flood Zone (must match Flood Certification)
- Agent name, address, and phone number
- Paid receipt for premium amount reflected on the hazard policy or binder or Closing Disclosure indicating payment of the premium amount shown on the policy
- For refinance transactions, a "POC" on the Closing Disclosure is not an acceptable form of proof paid
- Mailing address is the same as property address except on second homes and investment properties; then, it should agree with the borrower's home address as shown

Note: PHH does not allow handwritten information on any insurance policy. Flood Insurance cannot be transferred from the property seller to the borrower. Elective insurance cannot be escrowed.

If any insurance premiums are due in 45 days or less of PHH purchasing the Loan, the Seller is responsible for the payment prior to the purchasing of the Loan. The Seller is responsible for any penalties and/or interest due to a late payment. The Seller is also responsible for any losses or damages that result from providing PHH with incorrect premium and/or due date information.

8.17.1 Coverage

The minimum amount of coverage required is the lower of any of the following:

- 100% of the replacement cost of the dwelling, based on the hazard insurance policy up to \$250,000
- The maximum insurance available from the NFIP, which is currently \$250,000 per dwelling
- The total loan amount of the mortgage or unpaid principal balance (UPB) up to \$250,000

When the unpaid principal balance of the mortgage represents the lowest option, the unpaid principal balance must be at least 80% of the replacement cost of the structure. However, if the unpaid principal balance is less than 80% of the replacement cost of the structure, then the required insurance coverage amount must be at least 80% of the structure.

8.17.2 Deductible

The maximum deductible is \$5,000, unless state law requires a higher maximum deductible. The policy must be underwritten by an insurer who is currently rated as one of the following:

- B+ or better financial strength rating in Best's Insurance Reports
- A or better by DEMOTECH, Inc.
- "BBB" or better rating in the Kroll Bond Rating Agency's Insurance Financial Strength Rating
- BBB or better by Standard and Poor's

The insurer must also be authorized by law to conduct business in the jurisdiction where the mortgaged premises are located.

8.17.3 Nonparticipating Communities

PHH does **not** purchase loans secured by properties located in nonparticipating communities or Coastal Barrier Resource Systems Areas.

8.18 Condominium Flood Insurance

Any project that has any part of a building, dwelling, structure, or improvement situated in a Special Flood Hazard Area (SFHA) requires flood insurance. These are all areas in A or V flood zones.

Note: PHH does not allow handwritten information on any insurance policy.

Flood insurance may be waived only if FEMA has issued either a Letter of Map Amendment (LOMA) or Letter of Map Revision (LOMR). Complete documentation including a revised Flood Certification with matching flood zone information must be included in the closed Loan File.

8.18.1 Coverage

Option 1:

Flood coverage is included in the condo master policy. The required flood insurance coverage has the following components:

- Building coverage that equals 80% or more of the insurable value of the common elements and property (including repair or replacement of the foundation and its supporting structures, and machinery and equipment that are not part of the building)
- Building contents coverage that equals 80% or more of the insurable value of all contents (including repair or replacement of the foundation and its supporting structures, and machinery and equipment that are not part of the building) and are owned in common by association members
- Unit coverage, which should be the lesser of one of the following:
 - \$250,000 per unit in the project
 - 80% of the insurable value (replacement cost) of each insured building in the project including amounts to repair or replace the foundation and its supporting structures (including all common elements and property)

Option 2:

Condo master policy does not include flood coverage. Borrower's individual flood coverage must be one of the following:

- Equal to or greater than the total loan amount/unpaid principal balance (UPB)
- The maximum available from NFIP (currently \$250,000 per unit)

Note: A Master/Blanket Flood Policy is required that provides 100% coverage for the common elements and amenities.

When the unpaid principal balance of the mortgage represents the lowest option, the unpaid principal balance must be at least 80% of the replacement cost of the structure. However, if the unpaid principal balance is less than 80% of the replacement cost of the structure, then the required insurance coverage amount must be at least 80% of the structure.

8.18.2 Deductible

The maximum deductible permitted for a master policy is \$25,000.

8.18.3 Fidelity Insurance

Fidelity insurance is required for any project consisting of more than 20 units. Blanket fidelity coverage must be maintained for anyone who either handles or is responsible for funds that the HOA holds and administers. The HOA must be the named insured and the project's budget must indicate that premiums are paid as a common expense. The policy must cover the amount of funds in the custody of the HOA at any time, but in no event may be less than the sum of three months' assessments on the entire project. The policy must also provide for a minimum of a 10-day notice to the HOA before it can be cancelled or substantially modified.

Fidelity coverage need not be verified if the project qualifies for Streamlined/Limited Review but must be verified on all condominium projects approved under the Expedited CPM Review process.

8.19 Attached PUD Flood Insurance

Any project that has common areas situated in a Special Flood Hazard Area (SFHA) requires flood insurance. These are all areas in A or V flood zones.

Flood insurance may be waived only if FEMA has issued either a Letter of Map Amendment (LOMA) or Letter of Map Revision (LOMR). Complete documentation including a revised Flood Certification with matching flood zone information must be included in the closed Loan File.

If any insurance premiums are due in 45 days or less at the time of PHH purchasing the Loan, the Seller is responsible for the payment prior to the purchasing of the Loan. The Seller is responsible for any penalties and/or interest due to a late payment. The Seller is also responsible for any losses or damages that result from providing PHH with incorrect premium and/or due date information.

8.19.1 Coverage

The minimum amount of coverage required for all common elements is the lower of the following:

- 100% of the replacement cost of the insurable value of the improvements
- The maximum insurance available from the NFIP (\$250,000)
- The total loan amount or the unpaid principal balance (UPB) of the mortgage

When the unpaid principal balance of the mortgage represents the lowest option, the unpaid principal balance must be at least 80% of the replacement cost of the structure. However, if the unpaid principal balance is less than 80% of the replacement cost of the structure, then the required insurance coverage amount must be at least 80% of the structure.

8.19.2 Deductible

The maximum deductible permitted for a master policy is \$25,000.

8.20 Private Mortgage Insurance

Mortgage insurance is required for all Loans with an LTV in excess of 80%, based on the lower of the appraised value or sales price (see exception below for Loans in the state of New York).

Sellers must correctly reflect mortgage insurance premiums and closing escrows on the Closing Disclosure.

PHH does not accept minimum mortgage insurance coverage at this time. PHH reserves the right to charge Agency LLPAs and other administrative fees if a loan is purchased with minimum mortgage insurance.

8.20.1 State of New York

Will allow the use of a higher appraisal to determine the LTV for the sole purpose of determining the required amount of mortgage insurance.

8.20.2 Borrower-Paid Mortgage Insurance

Borrower-paid MI is permitted by PHH.

8.20.3 Financed Mortgage Insurance

Financed MI is permitted by PHH.

8.20.4 Lender-Paid Mortgage Insurance

PHH will purchase Loans with lender-paid MI. The LPMI certificate must reflect single premium only with no monthly payments and must be non-refundable.

8.20.5 Split Premium Mortgage Insurance

8.21 Tax Information Sheet

PHH requires a complete and accurate Tax Information Sheet in each Loan File purchased, whether an escrow account is set up or not. The following information must be included:

- Borrower name and property address (match closing documents exactly)
- All parcel ID number
- All taxing authorities and complete addresses
- Last date paid
- Last amount paid
- Next installment due date (economic due date)—If the taxing authority offers a due date with a discounted amount, PHH requires this date to be used as the due date and escrows collected accordingly

Tax Information Sheet

PHH Mortgage

PHH

- Next amount due
- Frequency due

Sufficient escrow to pay all taxes when due is required on all escrowed loans and must be reflected on the Closing Disclosure.

All taxes due and payable at the time of closing must be paid and have proof of payment included in the closed Loan File, whether the taxes are being escrowed or not.

Acceptable forms for proof of payment include the following:

- Payment shown on the Closing Disclosure (POC not acceptable)
- Paid receipt from taxing authority

If any taxes are due in 45 days or less at the time that PHH purchases the Loan, the Seller is responsible for the payment of the taxes and proof of the payment prior to the purchase of the Loan. The determination date is the payment due date, not the delinquency date. The Seller is responsible for any penalties and/or interest due to a late payment. The Seller is also responsible for any losses or damages that result from providing PHH with incorrect tax information and/or due date information. Acceptable forms for proof of payment include the following:

- Paid receipt from taxing authority
- Copy of check payable to the taxing authority

If the tax bills are not available, PHH requires information from the taxing authority stating that the tax bills are not available before loan purchase.

A corrected Tax Information Sheet is also required.

8.21.1 Unimproved Taxes for New Construction

Initial taxes on new construction homes rarely reflect an accurate tax assessment. Typically, the initial taxes are based upon unimproved or partially improved land. The discrepancy between the initial tax year assessment and the following tax year assessment (based upon the fully improved land) is often substantial. This discrepancy can cause payment shock to the borrower when he is required to pay the larger tax amount.

For new construction Loans, the borrower can elect to use the unimproved tax amount. The estimated unimproved amount must comply with RESPA guidelines. Consult your legal counsel concerning this issue. If the unimproved amount is used, the borrower is required to sign a Notice of Payment Increase statement, acknowledging they are aware the next tax bills will be based on the improved tax rate, at a much higher amount.

8.21.2 Tax Authorization Form/Tax Option Letter

PHH requires a Tax Authorization Form in the following states:

- New Jersey
- New York
- Illinois

PHH requires a Tax Option Letter in the following state, when a tax escrow account is established:

- Wisconsin

8.22 Appraisal

The appraisal obtained in connection with the origination of the Loan, as well as the appraiser who performed it, must meet all of the applicable requirements of this Guide and applicable laws and regulations. The Seller must ensure that the value is supported. Appraisal waivers from the corresponding Agency are acceptable. Appraisal must meet all requirements of the applicable Agency guides and the AUS conditions.

8.23 Loan Estimate

For closed-end credit transactions secured by real property (other than exempt transactions), the Seller is required to provide the consumer an initial disclosure within three business days of receipt of application to enable understanding of basic terminology of a loan and its costs immediately and over time. This disclosure is called the Loan Estimate.

The Loan Estimate must contain a good faith estimate of credit costs and transaction terms

- The Loan Estimate must be in writing and contain the information prescribed in 12 CFR 1026.37
- Delivery of the Loan Estimate to the consumer must satisfy the timing and method of delivery requirements
- PHH may only use revised or corrected Loan Estimates when specific requirements are met

8.24 Closing Disclosure

For applicable Loans in which a Loan Estimate has been issued and the loan proceeds to closing, the Seller must provide a final disclosure reflecting the actual terms of the transaction. This final disclosure is called the Closing Disclosure.

The disclosure is five pages long and may require the use of an addendum if there is more required information than a section of the form can accommodate.

- The Closing Disclosure generally must contain the actual terms and costs of the transaction
- The Closing Disclosure must be in writing and contain the information prescribed in 12 C.F.R § 1026.38
- If the actual terms or costs of the transaction change prior to consummation, then the Seller must provide a corrected disclosure that contains the actual terms of the transaction and complies with the other requirements of 12 C.F.R. § 1026.19(f), including the timing requirements and requirements for providing corrected disclosures due to subsequent changes.
- If the Seller provides a corrected disclosure, it may also be required to provide the consumer with an additional three-business-day waiting period prior to consummation.

8.25 Initial Escrow Account Disclosure

The Seller must use aggregate accounting in the calculation of the escrow/impound account. Escrow/impound accounts must be established for the payment of taxes, special assessments (only if taxing authority requires these to be paid with the taxes), ground rents, hazard insurance, flood insurance, private mortgage insurance, Guaranteed Rural Housing annual fee, etc. Adequate funds must be calculated and collected at closing by the Seller to ensure that a sufficient amount will be available to pay the next installment of taxes and insurance. If the taxing authority offers a discounted annual amount for paying on a particular payment schedule or a particular payment date, the escrow reserve account must be established accordingly. The account balance cannot go into the negative. The Initial Escrow Account Disclosure must be included in the closed Loan File.

Unless otherwise required by applicable state law, the maximum cushion that the Seller may maintain in the escrow/impound account is two months, except there is no cushion requirement for Zero-Option Monthly Premium PMI.

An Initial Escrow Account Disclosure is not required on non-escrowed Loans.

8.26 Change of Servicer/Loan Transfer

PHH requires a copy of the Change of Servicer/Loan Transfer disclosure (Goodbye Letter) given by the Seller to the borrower, providing notice of the loan transfer and change of servicer. The Seller is required to notify the borrower in writing at least 15 days prior to the first payment due to PHH. The notice must include all applicable information including the effective date of the transfer; the present Seller/Servicer's name, address, and toll-free phone number; the date the present Seller/Servicer will stop accepting payments; and the date PHH will begin accepting payments.

PHH Servicing Department information:

PHH Mortgage Services

ATTN: 371458

500 Ross Street 154-0470

Pittsburgh, PA 15250

Upon notification from the borrower of a change to the mailing address, the Seller is responsible for notifying PHH by emailing the borrower's new address and loan number to the applicable regional email address. PHH assumes the mailing address for any borrower is the same as the subject property address except in respect of second homes and investment properties.

8.26.1 Partial Payment Disclosure

The TILA-RESPA Rule requires that mortgage servicing transfer notices include information related to the partial payment policy that will apply to the Loan. The partial payment disclosure must include the following:

- If periodic payments that are less than the full amount due are accepted, a statement that the lender may accept partial payments and apply such payments to the borrower's loan

If periodic payments that are less than the full amount due are accepted but not applied to a borrower's loan until the borrower pays the remainder of the full amount due, a statement that the lender may hold partial payments in a separate account until the borrower pays the remainder of the payment and then apply the full periodic payment to the borrower's loan

If periodic payments that are less than the full amount due are not accepted, a statement that the lender does not accept any partial payments

- A statement that, if the loan is sold, the new lender may have a different policy

8.27 First Payment Letter

A copy of the first payment letter from the Seller to the borrower must be provided with the closed Loan File. The first payment letter should include the borrowers' mailing address if different than the property address (second home or investment property). All information below must be included:

- The breakdown of the monthly payment
- The date the first payment is due
- The address where to make the first payment

8.28 Pay History

PHH requires a current pay history if one or more payments are due or have been paid at the time of loan purchase. The history is preferred to be system generated and must include the following on the Seller's letterhead:

- Borrower's name
- Date payments made
- Any curtailments
- Amount of payment
- Breakdown of payment
- Current principal balance
- Escrow balance including any escrow disbursements

8.29 W-9 Form

A W-9 is required for each borrower on all Loans:

- Must include a form for each borrower
- Must be signed and dated by borrower
- The form must reflect the borrower(s)' SSN

8.30 Interest Credits

Our Servicing Division must have sufficient time to process the Loan before the first full monthly payment is due, therefore, an interest credit to the borrower at closing can only be made up to the 10th day of the month.

8.31 Itemization of Amount Financed

An Itemization of Amount Financed must be included in the closed Loan File. This information is typically included on page five of the Closing Disclosure.

8.32 Notice of Right to Cancel

Closed Loan Files should not be delivered to PHH until the rescission period has expired. PHH requires a properly executed Notice of Right to Cancel on all primary residential refinance Loans that meet the following standards:

- The notice must be given to all borrowers with an interest in the property even if the person does not sign the original Mortgage Note
- All dates must be correct
- The notice must be signed and dated by all borrowers
- Notice of Right to Cancel is not required on the refinance of an investment property or second home
- Sundays and federal legal holidays cannot be included in the three-business day rescission period
- The holidays include New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Memorial Day, Juneteenth, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day

8.33 Higher-Priced Mortgage Loan

A higher-priced mortgage loan (HPML) is secured by the borrower's principal dwelling with an annual percentage rate that exceeds the Average Prime Offer Rate (APOR) for a comparable transaction as of the date the interest rate is set by a certain percentage, based on the type and size of the loan.

Sellers must include evidence documenting the borrower's interest rate set date in all Loans delivered for purchase. Acceptable documents, in effect at time of closing, include the following:

- An unexpired lock agreement between the originating Seller and the borrower
- A Seller generated unexpired lock commitment form
- A screen-print of a populated FFIEC rate spread calculator

8.34 Upfront Mortgage Insurance Premium

For FHA Loans, the upfront mortgage insurance premium (UFMIP) must be collected on the Closing Disclosure and must be paid to FHA by the Seller. Also, when the MIP is paid on a monthly basis, an escrow account must be established at closing. PHH requires the printout from FHA Connection showing the correct UFMIP payment has been made. All information on FHA Connection must be correct and match the closing documents including, but not limited to, the borrower names and property address.

8.34.1 Proof of Submission

If there are 15 days or more from the Mortgage Note date to the purchase date, PHH requires the Loan to state "submitted" on the FHA Connection case query screen prior to the purchasing of the Loan.

8.34.2 Proof of Insuring

PHH requires the FHA Mortgage Insurance Certificate (MIC) before purchase if there are 60 days or more from the Mortgage Note date to the purchase date.

Note: PHH does not purchase loans that have a status of "NOR," "Firm Commitment," or "Cancelled."

8.35 VA Funding Fee

The VA funding fee must be collected on the Closing Disclosure and must be paid to VA by the Seller. A copy of the funding fee receipt from the Funding Fee Payment System (FFPS) reflecting the correct amount paid is required.

PHH requires the Loan Guaranty Certificate (LGC) before purchase if there are 60 days or more from the Mortgage Note date to the purchase date.

8.36 USDA Guaranty Fee

The annual guarantee fee must be collected on the Closing Disclosure. A copy of the check or printout reflecting the correct amount paid is required. PHH requires the Seller to collect two months of the annual fee on the Closing Disclosure to be placed in the escrow account.

PHH requires the Loan Note Guarantee before purchase if there are 60 days or more from the Mortgage Note date to the purchase date.

8.37 USDA Rural Housing Form 1980-21

Request for Single Family Housing Loan Guarantee Form RD 1980-21 is required for all USDA:

- Form RD 1980-21 must be fully completed by the approved Seller or their authorized representative and by all applicants that will be parties to the Mortgage Note
- Must include completed, signed, and dated Seller and applicant certifications page

8.38 Disaster Areas

The Federal Emergency Management Agency (FEMA) announces Presidentially declared major disasters and emergencies. The declaration is usually made after the event has already occurred.

It is the Seller's responsibility to determine and act upon any Loans impacted by a disaster prior to the sale to PHH. PHH is not responsible to provide notification to the Seller of disaster declarations. If at any time after loan purchase, PHH or a subsequent investor determines that the subject property was damaged and not in fully marketable condition at time of sale, the Loan is subject to repurchase.

PHH considers a disaster any event that causes substantial damage. Disasters include, but are not limited to:

Hurricanes/Tropical Storms	Wildfires
Earthquakes	Volcanic eruptions
Floods	Nuclear accidents
Landslides	Terrorist attacks
Tornadoes	Thunderstorms

PHH Mortgage Seller Guide

Closed Loan File Delivery

Disaster Areas

PHH Mortgage

PHH

The disaster requirements apply to all of the following:

- FEMA declared disaster areas eligible for individual assistance.
- Areas identified by PHH.
- Properties that the Seller has a reason to believe sustained damage in a disaster.

The Seller must warrant that the subject property is in marketable condition and that there are no repairs or other detrimental conditions to the subject property.

Documentation Requirements

In addition to Agency requirements, the following must be met for any property located in a disaster area to confirm the property has not been adversely affected by the disaster at the time of sale:

- An exterior disaster inspection certification with photographs is required, if the Agency does not require a disaster inspection, when:
 - An appraisal was not originally needed, or
 - The appraisal was completed on or before the disaster incident period end date.
- In addition to accepting an Appraiser's inspection with photos for declared disaster areas, PHH will allow for lender certifications and photos when the following requirements are met for Conventional Loans:
 - The lender's certification must be executed by an officer of the company.
 - The lender's certification must be specific to the property in the declared disaster area and must indicate that there is no damage to the property.
 - Photos taken/provided by the lender must be date stamped.
 - PHH will not accept a certification or photo from the borrower OR a processor's cert that the borrower verbally indicated that the property has not been damaged. The certification must come directly from the lender and meet the above requirements to be accepted.
- Disaster inspection certification must be completed after the incident period end date as defined by FEMA.
- Disaster inspection must indicate any repairs needed and evidence repairs have been completed must be provided.
- This policy must be followed for 90 days. 90 Days is measured from the incident date to the Note Date.

Properties Appraised Prior to Date of Disaster

A 1004D or a Disaster Inspection Certification and photographs are required of the exterior of the property and subject neighborhood.

The inspector must provide a certification, on the inspector's letterhead, stating the following:

- An exterior inspection has been completed
- The property is free from damage and is in the same condition as previously appraised
- Marketability of the property is unchanged
- If repairs were needed and have been completed, this must be stated and repairs evidenced as complete
- The inspection may be completed by any of the following:
 - A properly licensed property or building inspection company
 - A properly licensed general contractor
 - A building or safety inspector from a local municipality
 - A properly licensed engineer if necessary
 - A licensed appraiser is required to complete the inspection for a conventional purchase

Note: If the loan type is FHA, the Seller must follow FHA guidelines for re-inspection of the property. The disaster inspection report must be completed by an FHA Roster Appraiser.

Properties Appraised After the Incident Period End Date of Disaster

The appraiser must note any damage and its effect on marketability and value. The appraiser must make any applicable repair requirements.

8.39 Escrow Holdback/Completion Escrow

Loans closed with escrow holdbacks are only eligible for purchase by PHH if the work cannot be completed due to weather or unless all funds have been disbursed.

8.40 Commitment Letters

In accordance with state regulations, a copy of the commitment letter meeting the state requirements must be included in the original submission of the Loan for delivery, as applicable.

9.2 Delivery of eMortgage Documents

The Seller is required to deliver and submit copies of the documents related to an eMortgage (including a copy of the eNote) in the same manner and by the same deadline for the documents set forth in the other provisions of this Guide, the Seller Agreement and the other transaction documents.

In addition, no later than the delivery deadline for the corresponding paper documents in a Loan File set forth in this Guide:

- 1) The Authoritative Copy of the eNote must be delivered to PHH's eVault using MERS eDelivery, together with any other loan document constituting an eRecord.
- 2) The Seller must transmit (or cause to be transmitted) a Transfer All (Control, Location, and Servicer) to the MERS eRegistry to identify PHH (or its designated

custodian) as the Controller and Location of the Authoritative Copy of the eNote; and PHH (or its designated custodian) must be identified on the MERS eRegistry as the Controller and Location of the Authoritative Copy of the eNote.

NOTE: For best practices, it is recommended that Sellers have the ability to Auto-Accept eNotes into their eVault.

- The Correspondent Seller must initiate and complete on the MERS eRegistry a transfer of servicing rights such that PHH or its designee is identified as the Servicer.

If some of the loan documents relating to an eMortgage are in paper form (and do not constitute eRecords), then the paper loan documents will be delivered to PHH as otherwise required by this Guide.

9.3 Additional Representations, Warranties and Covenants Regarding Seller

In addition to the representations, warranties, and covenants set forth elsewhere in this Guide or the Seller Agreement, the Seller represents and warrants to PHH, and covenants and agrees with PHH, as of the date of the Seller Agreement, and as of each Purchase Date, that:

- Each of the statements and representations made by the Seller in the Correspondent Lender eMortgage Questionnaire are true, correct and complete as of each such date and are incorporated by reference herein.

9.4 Additional Representations, Warranties, and Covenants regarding eMortgage Loans

In addition to the representations, warranties, and covenants set forth in this Guide, the Seller Agreement or the other transaction documents, as to each eMortgage, the Seller represents and warrants to PHH, and covenants and agrees with PHH, as of the Purchase Date for the eMortgage, that:

- The eMortgage was originated on an eClosing System, prepared by an eDocument Provider and stored on an eVault System approved by PHH and in compliance with the requirements of the Fannie Mae eMortgage Guide and/or the Freddie Mac eMortgage Guide.
- The eMortgage constitutes a mortgage type or product eligible for sale to Fannie Mae and/or Freddie Mac as an eMortgage.
- The eNote and any other loan document which is an eRecord complies with the requirements of the Fannie Mae eMortgage Guide and/or the Freddie Mac eMortgage Guide.

- The related eMortgage otherwise satisfies all of the requirements of the Fannie Mae eMortgage Guide and/or the Freddie Mac eMortgage Guide, as applicable, for the purchase of the Loan by Fannie Mae or Freddie Mac.

9.5 Intrastate Remote eNotarization

Subject to the provisions of this Section, loan documents related to eMortgages may be notarized using eNotarization (including Remote eNotarization).

In states that do not permit Remote eNotarization, each borrower must be physically in the presence of the closing agent and/or a notary public coordinating the signing of the eNote and other eRecords. All borrowers do not have to be in each other's presence at the time of signing. In states that permit Remote eNotarization, Loans with closing documents which have been notarized through Intrastate Remote eNotarization are eligible for purchase by PHH. Loans with closing documents which have been notarized through Interstate Remote eNotarization may be eligible for purchase by PHH only upon prior written approval by PHH (which approval will be granted or denied on a loan-by-loan basis in PHH's sole discretion).

In addition to the representations, warranties, and covenants set forth in this Guide, the Seller Agreement or the other transaction documents, as to each eMortgage for which a loan document has been notarized by eNotarization, the Seller represents and warrants to PHH and covenants and agrees with PHH, as of the Purchase Date for the eMortgage, that:

- If the eNotarization is an Interstate Remote eNotarization, the Seller has obtained the prior written approval of PHH for the Interstate Remote eNotarization related to the specific applicable eMortgage.
- If the eNotarization is an approved Interstate Remote eNotarization, the notary public was licensed to engage in eNotarizations and physically located, at the time of the

eNotarization, in a state that authorizes a licensed notary public to engage in Interstate Remote eNotarization.

- If the state in which the related mortgage property is located does not permit Remote eNotarization at the time it was performed, each borrower was physically in the presence of the notary public that notarized the loan document by eNotarization.
- If the eNotarization is a Remote eNotarization, the laws of the state in which the mortgaged property is located either (a) expressly permit the use of Remote eNotarizations at the time of the eNotarization or (b) in the case of an approved Interstate Remote eNotarization, expressly accept, at the time of the eNotarization, Remote eNotarizations performed out of state in accordance with the laws of the state in which the notarial act is performed, unless this requirement is expressly waived in writing by PHH.
- The eNotarization has been performed in accordance with, and is legally valid and enforceable under, the laws of the state in which the eNotarization was performed, at the time it was performed.
- The documents which have been notarized by eNotarization: (a) comply with all applicable eMortgage Laws and all other applicable laws of the state in which the related mortgaged property is located; (b) are legal, binding, valid, effective and enforceable in accordance with their terms; (c) evidence and create, as applicable, a valid first lien on the related mortgaged property; and (d) as applicable, are recordable in the land records of the locality in which the mortgaged property is located.
- The title insurance company providing the title insurance policy that insures the related security instrument did not make or take any exception to (and such title insurance policy does not contain any exclusion relating to) the fact that any loan document was notarized by eNotarization.
- The Seller will retain for the life of the Loan plus seven years, and will promptly provide to PHH upon request, records (including system logs and audit trails) which can be used to establish and verify (a) the proper and valid eNotarization, and (b) the integrity and reliability of the process and systems by which the eNotarization was created. Upon request, the Seller will provide (or cause its vendors to provide) certifications and affidavits regarding the foregoing, in form and content reasonably required by PHH in order to enforce an eNote or any other mortgage loan document.
- The related eMortgage otherwise satisfies all of the requirements of the Fannie Mae eMortgage Guide and/or the Freddie Mac eMortgage Guide for the purchase of the loan by Fannie Mae and/or Freddie Mac.

9.6 Eligible eMortgage Types and Products

Upon obtaining prior written approval from PHH, the Seller may sell most eligible conventional first lien mortgages to PHH as eMortgages. This includes fully amortized fixed-rate and adjustable-rate mortgages. The following are not permitted currently for purchase by PHH:

- Loans that are insured by the FHA and Loans guaranteed by the VA or USDA
- Mortgages in which a Power of Attorney is used for any Borrower
- Texas Equity Section 50(a)(6) Mortgages
- Mortgages in which the Borrower is a trust of any kind

9.7 Proof of Borrower Consent

Upon delivery of each Loan originated as an eMortgage, the Seller must provide PHH with the borrower's consent to receive and sign documents electronically from each borrower who signs a document electronically, as well as each borrower to whom a document or disclosure is required by applicable law to be provided (electronically or in writing). In addition, each eMortgage must be delivered with the applicable audit trails documenting the signer's signatures.

Note: The borrower's consent must be obtained before any initial loan documents are provided to any borrower electronically or are to be signed electronically (as applicable) and a new consent of such borrower must be obtained on the date the eNote is signed.

CHAPTER 10.

LOAN PURCHASE

When a Loan is eligible for purchase, PHH will Net Fund Loans based on the calculation of:

- Base price as registered in the system
- Accrued interest - interest is calculated based on 365 days for all Loans.
- Applicable pricing adjustments
- Escrow amounts
- Buydown fees (if applicable)
- Outstanding\ fees due to PHH unpaid for 90 days (e.g., EPO fees, Pair-off Fees, etc – not to exceed premium over par)

If a loan payment is already due (Loans purchased on or after the first day of the month the payment is due) or purchased on or after the 16th of the month, PHH will purchase the Loan at the amortized balance including the escrows. This includes all monthly mortgage insurance premiums due for FHA Loans unless the Seller has remitted the monthly premium to HUD. If the Seller has remitted to HUD, it must be shown as paid on FHA Connection.

In the event a borrower remits a payment to the Seller that is due to PHH, the Seller should forward that payment via the following means and email PHH at PHHServiceTransfer_payments@mortgagefamily.com to alert Servicing that the funds have been sent.

February 15 – February 28	Seller to provide payment history indicating all payments due through February (if applicable) have been paid by the borrower. If payment was due in January but has not been received by the Seller, the Loan is not eligible for purchase until payment has been received.

When a payment is already due, a current pay history is required.

A purchase advice will be emailed to the Seller and will be available on the website once the funding process is complete. If requested, a report in Excel format detailing all purchases for the day can be sent to the Seller.

Sellers are advised to review the Purchase Advice as soon as possible. If any discrepancies are found, please contact your Correspondent Specialist at their Regional email address within 48 hours of loan purchase.

CHAPTER 11.

POST-FUNDING FINAL

DOCUMENTS

If certain required closing documents cannot be delivered at the time the Loan is purchased, PHH permits delivery of these documents following the purchase of the Loan. The time permitted varies by the document and each is addressed later in this section. It is important to understand that securing confirmation of the timely delivery of documents to PHH is very important in minimizing unnecessary interruptions and to avoid the additional cost associated with collecting these documents.

While there are other documents that may be delivered as post-funding documents, typically these include the recorded Security Instrument, recorded Power of Attorney (if applicable), the final title policy including the cover with the authorized agent's signature, and depending on the type of government loan, proof that the Loan has mortgage insurance or Loan Guaranty (i.e., FHA MIC, VA LGC, or USDA LNG).

All Loans purchased by PHH require that originals be uploaded to the PHH Post Closing Assist Tool. FHA MIC, VA LGC and USDA LNG are required before purchase if there are 60 days or more from the Mortgage Note date to the Closing Date. All other documents are required within 90 days from the Closing Date.

Trailing documents include the following but are not limited to:

- Original recorded Mortgage/Security Instrument and any applicable Riders or Addendums
- Original recorded Assignment of Mortgage as required
- Original final title insurance policy and any required waivers, attorney's opinion or any applicable endorsements
- Original Mortgage Insurance Certificate
- Certified copy of the recorded Power of Attorney
- FHA Mortgage Insurance Certificate (MIC)
- VA Loan Guarantee Certificate (LGC)
- USDA Loan Note Guarantee (LNG)
- Copy of Notice of Assignment, Sale or Servicing Transfer Letter (AKA Goodbye Letter) sent to borrower regarding transfer to PHH

** Documents should be uploaded to the Post Closing Assist Tool.*

Any questions regarding final documents should be directed to the PHH Final Document Team at PHHCLPostFunding@phhmortgage.com.

11.1 Timing of Document Delivery

Sellers are reminded of their responsibility to initiate and complete a MERS transfer of the beneficial rights and the servicing rights within five days of purchase by PHH. The PHH MERS Org ID number is 1000200. Additionally, Sellers are reminded that they should complete FHA Mortgagee record changes within five days of loan purchase by PHH. The PHH FHA ID is 30275. The PHH RHS ID for USDA Loans is 222195996 / Branch #001.

Proof of government mortgage insurance or guaranty must be provided to PHH within 60 days of the Mortgage Note date. Proof of FHA Mortgage Insurance Certificate must be reflected on the FHA Connection case query screen. Seller must submit a copy of either the VA Loan Guaranty Certificate (LGC) or the USDA Rural Development Loan Note Guarantee (LNG) to PHH as appropriate within 60 days of the Mortgage Note date. PHH requires that the VA LGC must be at least 25% of the lesser of purchase price or appraised value on purchase Loans and 25% of the Loan amount for refinance Loans. VA loans purchased with less than the 25% guaranty will be subject to repurchase. FHA MIC/VA LGC/USDA LNG must be issued in the same name that appears on the Mortgage Note, must have the same property address, and must be signed by the appropriate signor for the Agency.

The original, or a clerk-certified copy of the recorded Security Instrument, together with the final title insurance policy, must be submitted to PHH within 90 days of the Mortgage Note date. All Security Instruments and recorded Power of Attorney, if applicable, must be the most current forms required by the agencies.

The final ALTA title policy must be delivered within 90 days of the Mortgage Note date with all appropriate endorsements. Title policy endorsements must include, as applicable, but are not limited to, the following:

- ALTA 4 (Condo)
- ALTA 5 (PUD)
- ALTA 6 (ARM)
- Any other appropriate endorsements to ensure PHH's interest is secured by a senior, first-lien position.

Should a Security Instrument require correction, a CLTA 110.5 (Mod. Endorsement) may be required. Any change in items material to the enforcement of the lien (i.e., loan amount, term, maturity) require a correction, rerecording, and endorsement to the title policy bringing coverage forward through the date of rerecording.

11.2 Procedure for Delivery of Documents

PHH does not require that a particular form accompany documents that are sent to the Seller Division. However, if Sellers provide a transmittal form that includes the PHH loan number, the name of the document, and a place for the PHH employee receiving the document to sign and date; PHH will confirm receipt of those documents. Should PHH records subsequently fail to show receipt of documents where the Seller can provide a copy of a transmittal signed and dated by PHH's employee, PHH will accept responsibility for paying to replace the misplaced document.

Sellers should allow a minimum of seven calendar days from the date the documents are sent to PHH for return of the signed and dated document transmittal receipt. After this time, Sellers should confirm receipt of the documents by calling the Post-Funding Documents Department. It is important for Sellers to understand that when initial delivery results in a request for correction to a document, a new transmittal will be required when the corrected document is returned.

As soon after delivery as workload will permit, Post Funding Documents Department will review documents, change the status of documents on its system to indicate receipt of the document, sign and date document transmittal forms, **if provided by the Seller**, and return the transmittal receipt to the Sellers. Please note that acknowledging receipt of a document is not confirmation that the document was acceptable to either PHH, to its custodian, or a subsequent investor. Should deficiencies be identified by PHH, its custodian, or a subsequent investor, it is the responsibility of the Seller to make any corrections required, and to rerecord the corrected documents when necessary. Document status includes the following:

- Outstanding (document has not been received by PHH)
- Delivered (document has been delivered to PHH)
- Corrections needed (identified errors and/or omissions)
- Docs returned (Documents returned to Seller for correction)
- Delivered to custodian/investor, accepted (by the custodian/subsequent investor)

11.3 Pre-Purchase and Post Purchase Insuring and Guaranty Requirements

PHH requires the MIC, LGC and LNG before purchase if there are 60 days or more from the Mortgage Note date to the Closing Date.

Sellers are required to ensure that all FHA Loans are insured and that evidence of insurance is delivered to PHH within 45 days from the Closing Date.

Sellers are required to ensure that all VA Loans are guaranteed and that the Loan Guaranty Certificate is delivered to PHH within 45 days from the Closing Date.

Sellers are required to ensure that all USDA Loans are guaranteed and that the Loan Note Guarantee is delivered to PHH within 45 days from the Closing Date.

11.4 Document Reporting

Upon purchase of a Loan, PHH will send a report to the Seller identifying those documents or items that continue to be outstanding but are necessary to complete documentation of the Loan. A monthly report of these post-funding items will include the name of the borrower, the name of the document, the status of the document, the location of the document, and the age of the Loan (elapsed days from the Mortgage Note date until the date of the report).

FHA Loans

PHH will track the insuring of FHA Loans for elapsed days in three situations:

1. The number of days elapsed from the Mortgage Note date until the upfront mortgage insurance premium (UFMIP) has been paid.

Note: PHH will NOT purchase any FHA Loan until the UFMIP payment has been confirmed via the FHA Connection.

2. The number of days elapsed from the Mortgage Note date until the FHA Loan has been submitted for insuring.

Note: All FHA Loans should be submitted for insuring within 30 days of the Mortgage Note date.

3. The number of days elapsed from Mortgage Note date until insured.

Note: PHH expects all FHA Loans to be insured within 45 days of the Mortgage Note date. If a Loan is not insured within 60 days of the Mortgage Note date, PHH may elect to withhold the Servicing Release Premium (SRP) on one or more subsequent Loans submitted for purchase until such time as the FHA Connection confirms the subject Loan is insured.

VA and USDA Loans

PHH will track for the receipt of the LGC or LNG and expects to receive a copy of the LGC or LNG within 45 days of the Mortgage Note date. Should the LGC or LNG not be received within 60 days of the Mortgage Note date, PHH may elect to withhold SRP on one or more subsequent Loans submitted for purchase until such time as the LGC / LNG copy for the subject Loan has been received.

Penalties for Failure to Timely Deliver

Should recorded documents and/or the final title policy remain outstanding for more than 180 days after the Mortgage Note date, the Seller will receive notice that the document must be delivered within 30 days. If the document is not delivered by the indicated deadline, PHH will engage the services of a third party to procure the documents. Any cost associated with procurement will be passed through to the Seller plus a \$50 fee per respective Loan. Documents not delivered within guidelines are reported to the division's senior management and could result in actions including third-party vendor procurement charges, demand for delivery of any outstanding documents, withholding of SRP or, in extreme cases, demand for repurchase of the Loan. If delivery within established guidelines does not occur for reasons beyond the control of the Seller, the Seller should contact either the account executive or the Correspondent Support Team with an explanation for delay and the date of expected delivery. This information will help avoid unnecessary contact from PHH and additional costs from efforts to procure the documents.

11.5 PHH Recast Policy

An account must meet the following criteria to be eligible for a recast (also known as a principal reduction modification).

- An account is not eligible for recast unless at least 90 days has elapsed from the purchase date.
- FHA, VA, USDA, GMNA and Non-Agency accounts are not eligible for a recast.
- A HELOC account is not eligible for a recast.
- The account must not be active in loss mitigation.
- The account must not be active in an interest only payment period.
- If the investor guidelines do not allow recast, the account is not eligible
- A written request stating the applicable principal reduction payment (\$5000 or more) must be emailed to CustomerCare@mortgagefamily.com within 180 days of the funds posting to the account.

Customers are entitled to make additional payments for the principal balance. During recast (also known as principal reduction modification), a customer makes a principal balance payment of \$5000 or more and requests recalculation of the monthly mortgage payment.

Notes:

- Recast requires investor approval.
- The interest rate or maturity date are not changed in recast.
- A written request stating the applicable principal reduction payment (\$5000 or more) must be emailed to CustomerCare@mortgagefamily.com within 180 days of the funds posting to the account.
- The ARMS Department prepares and mails an agreement with the new payment information to the customer, within 10 calendar days of receiving the customer's written request. The customer must sign and notarize the agreement. The ARMS Department adjusts the monthly mortgage payment within five business days of receiving the signed and notarized agreement. The executed agreement is sent to the customer.
- Seller should refer to the Principal Curtailment terms and conditions (see section 4.7.5) for details regarding fees applicable to certain principal paydown amounts made within 180 days of purchase.

11.6 Form 1098 Year End Reporting

The Seller is responsible for completing and filing with the Internal Revenue Service and providing the then-current Form 1098(s) (Form 1098) to the borrower(s) for all pre-paid interest collected and for points paid by the borrower to the Seller at closing as reflected on the final Closing Disclosure. PHH will only complete and provide the Form 1098 for interest payments collected by PHH. If PHH purchases a Loan at the full original balance, the Seller is responsible to report all pre-paid interest collected at closing on the Form 1098 for such borrower.

CHAPTER 12.

QUALITY CONTROL

PHH requires all Sellers to maintain a quality control plan within their own company to help guard against errors, omissions, and fraud. A general overview of the components of a sound QC plan are outlined below, however, detailed requirements of FHA, VA, Ginnie Mae, Fannie Mae, Freddie Mac and USDA must be followed by all Sellers originating and selling Loans under these products.

12.1 Reviews by PHH

PHH's Quality Control (QC) monitoring includes Loan reviews that take place both prior to and after loan purchase. All exceptions will be identified as to the level of risk the issue represents.

Remediation is required for all significant findings. Audit findings and response instructions will be forwarded to the Seller by e-mail communication. E-mail distribution provides a means to confirm delivery and receipt of the request. Responses are required to be returned to PHH within 5 business days along with supporting documentation.

Responses to issues of lower or moderate risk may not be required but will be tracked and reported to the Seller.

A Loan that is determined not to meet Agency or PHH guidelines may require correction of the violation, indemnification, return of SRP, and/or reimbursement of losses or Loan repurchase. Additionally, issues not resolved within the required time frames could result in suspension or termination of the relationship.

Occurrences of fraud or misrepresentation will be immediately reported to any required regulatory Agency or investor. If there is sufficient information established to confirm a Seller participated in the misrepresentation, the business relationship with the Seller will be terminated immediately, including all Loans in the PHH pipeline from the Seller.

12.2 Seller's Quality Control Plans

The Seller's QC plan must be written and maintained to current guidelines. It should be administered independently of the origination process and contain all Agency, investor, and regulatory requirements.

The plan should clearly describe the following:

- Sampling method, including a representative sampling method for third-party originations
- Organizational structure
- Qualifications of review staff
- Plan for completing branch reviews
- Pre- and post-closing review process
- Timing of reviews
- Method of reporting defects
- Calculation of the defect rate
- Process of distributing results to senior management
- Evaluation of reports and method to address issues with corrective action
- Requirement for Agency notification when necessary
- Procedures for maintaining records of reports, Loan Files, and all related documents

It should also include a company's record retention policy and provide for review and oversight of the audit functions.

For additional guidance regarding quality control reviews, refer to [Fannie Mae's QC Self- Assessment Worksheet](#).

12.2.1 Seller Pre-Funding Reviews

An acceptable QC plan must include a process for auditing a sample of Loans prior to loan closing to prevent closing Loans with errors, misrepresentation, or insufficient documentation. The reviews must be completed by individuals who were not involved in the processing or underwriting of the Loan. Sampling methodology should include loans with higher risk characteristics and the process should also insure a representative sample of Loans from all products, branches, and personnel. Loans should be evaluated for data integrity,

accuracy of credit and collateral information, and to ensure the Loans meet all guideline parameters. Prefunding audit results should be included in tracking and trending reports along with post-closing results for executive review.

12.2.2 Seller Post-Closing Reviews

Post-closing reviews must comply with all Agency requirements concerning timing, loan selection, sample size, and document reverification. Audit processes must include a check of all credit documents, collateral documents, and closing documents for accuracy and compliance with eligibility criteria. The reviewer is also expected to validate the soundness of the underwriting decision and that all requirements of the underwriter or AUS were included in the Loan File.

12.2.3 Other Required Reviews

Sellers must also provide for the following required reviews, as applicable:

- Early payment defaults
- Declined loans
- Insuring process
- Branch reviews
- Servicing reviews
- Vendor audits
- QC process review of outsourced QC service provider, if applicable

12.2.4 QC Process

Within the sampling methodology, loans must be selected on a random, targeted, and discretionary basis. Discretionary samples should include higher risk characteristics such as certain product types, high ratio, high LTV, areas of high delinquency, or areas of decreasing property values.

Targeted loans will be selected from loan categories meeting specific conditions (such as EPDs and EPOs).

Audits should include a reverification of all underwriting documents in the Credit File and a desk review of the appraisal. A field review of the appraisal must also be ordered as required by Agency guidelines. Other standard elements that the review should include are occupancy, underwriting decision, and loan approval conditions. The closing package must be reviewed for required documents,

accuracy of information, and compliance with regulatory and Agency requirements. All exceptions should be documented and scored on a uniform rating system based on the associated risk.

12.2.5 Reporting

An effective QC plan must include consistent reporting of all prefunding and post-closing results to senior management within 30 days after completion of the review and an appropriate method for implementing corrective action to the findings. Reports should include sample selection, loan level findings, trending, and management responses. Performance issues should be addressed based on the severity of the findings.

12.2.6 Self-Reporting of Significant Defects or Fraud

The Seller shall immediately report to PHH any material defects and/or misrepresentation or fraud relating to any Loan and/or any Person. The Seller must provide the PHH Correspondent Specialist (CS) the following information: PHH Loan Number, description of the defect, supporting documentation, and any other information, materials or documentation requested by PHH.

CHAPTER 13.

COMPLIANCE TOPICS

PHH requires Sellers to comply with all applicable regulatory requirements related to the origination and closing of Loans. Sellers should consult their own legal or compliance counsel to ensure that all Loans sold to PHH are fully compliant with all applicable federal, state, and local laws and regulations.

In an effort to reduce the number of loan purchase suspensions, PHH is providing the recommendations below. This information is being provided to assist Sellers in providing documentation required for loan purchase and is not intended to provide legal or compliance counsel relating to local, state, or federal requirements. It should not be considered legal advice.

The inclusion of these documents does not release the Seller of its representations and warranties that all Loans meet all regulatory and compliance requirements as they relate to mortgage lending.

The Seller represents, warrants, and covenants that all Loans sold to PHH are in compliance with the following:

- All applicable laws, rules, regulations, decrees, pronouncements, directives, orders, and contractual requirements with respect to the origination, closing, underwriting as applicable, processing, and servicing of each Loan.
- Any and all other applicable federal, state, county, municipal, or other laws, including, without limitation, those laws relating to truth in lending, real estate settlement procedures, consumer credit protection, usury limitations, fair housing, equal credit opportunity, collection practices, and real estate appraisals.
- All applicable anti-money laundering laws and regulations including, but not limited to, the Bank Secrecy Act and its subsequent revisions and enhancements, the Customer Identification Program requirements of the USA Patriot Act, and the Office of Foreign Assets Control (OFAC) requirements (collectively the "Anti-Money Laundering Laws").

The Seller further represents it has established an anti-money laundering compliance program as required by the applicable law and maintains, and will maintain, sufficient information to identify the applicable mortgagor for purposes of the Anti-Money Laundering Laws.

PHH will alert Sellers to important regulatory issues and update this Guide regarding regulatory changes related to mortgage lending. Seller should not rely on PHH to inform or advise Seller of these changes or the legal requirements applicable to the origination of Loans. Sellers represent and warrant to PHH that all Loans sold are originated in accordance with applicable law.

All correspondent lenders are required to comply with the following CFPB rules. Loans delivered for purchase to PHH must contain evidence of compliance to the requirements specified under each rule or the Loan will be suspended until corrected if applicable or will not be purchased.

- Loan Originator Compensation
- Escrow Rule for Higher Priced Mortgage Loans
- Disclosure and Delivery Requirements for Copies of Appraisals and Other Written Valuations Under the Equal Credit Opportunity Act (Regulation B)
- Ability to Repay and Qualified Mortgage Standards Under the Truth in Lending Act (Regulation Z)
- High-Cost Mortgage and Homeownership Counseling Amendments to the Truth in Lending Act (Regulation Z)
- Homeownership Counseling Amendments to the Real Estate Settlement Procedures Act (Regulation X)
- Integrated Disclosure Rule Under the Truth in Lending Act (Regulation Z)

Additional information regarding these requirements and more are detailed within this chapter.

13.1 General Disclosures

Federal and state laws and regulations require applicable disclosures to be provided to the borrower within prescribed time frames. It is the Seller's sole responsibility to accurately prepare and deliver all applicable disclosures to the borrower within the required time frames.

The failure to provide timely required disclosures could result in significant penalties. Sellers determined to be in violation will be terminated by PHH.

Copies of all applicable disclosures must be included in the closed Loan File delivered for purchase.

13.2 Fair Lending Policy

PHH's commitment to fairness and equal opportunity lending is clear and unequivocal. PHH requires the application of fair and consistent origination and underwriting practices by the Seller as well. Discrimination based on race, color, sex, sexual orientation, disability, national or ethnic origin, marital or familial status, religion, or age is contrary to PHH's fundamental principles and commitments and is unlawful.

Seller covenants to treat all borrowers and prospective borrowers in a fair and consistent manner. All borrowers and prospective borrowers should receive the same level of service. Seller covenants to observe this commitment, in particular, in providing assistance to borrowers and prospective borrowers on whether or not to apply for credit, how best to qualify for credit, how to resolve any issues relating to creditworthiness, and other aspects of the Loan extension process.

Seller covenants to underwrite all the properties offered to secure the borrowers' Loans based on property type, occupancy status, and the appraised value, and not based on the fact that a property is located in an area with a predominant racial or ethnic population.

13.3 Appraiser Independence Requirements

All Loans sold to PHH must be in compliance with the Appraiser Independence Requirements (AIR) and/or Property Data Collector Independence Requirements (PDCIR) as applicable.

Sellers must provide their internal policies and procedures regarding the ordering of the appraisals and appraisal management when applying for approval.

13.3.1 Transfer of Appraisals

PHH will allow the transfer of an appraisal on Conventional Loans as long as the file includes the following:

- First generation appraisal
- Successful FNMA and FHLMC Submission Summary Report (SSR)
- Appraisal delivery certificate from transferring lender evidencing delivery of appraisal to the borrower. If appraisal was sent electronically, the borrower may forward the email they received when the appraisal was delivered.
- Appraisal transfer letter that includes the following:
 - Must be on the letterhead of the original transferring financial institution
 - Current Date
 - Borrower Name
 - Property Address

- A statement transferring the ownership of the appraisal to the Seller
- The following statement: “(Original Transferring Financial Institution) certifies and warrants that the reference appraisal was prepared in accordance with, and is compliant with, the Appraiser Independence Requirements (AIR), Truth in Lending regulations, and all applicable laws.”
- Signature of an Officer of the transferring financial institution that is not in Loan Production. (Note: Loan Officers, LO Assistants etc. are not eligible to sign the transfer letter)
- Compliancy of ordering and processing according to, but not limited to, Dodd Frank, FIRREA, Appraiser Independence Requirements, and Consumer Protection Acts; and
- Assurance of most recent complete appraisal assignment (i.e., 1004, 1025, 1073 etc., but not 1004D, 1075, 2000, 2000A, 2070, 2075, 2095 or any “Subject To” or Recertification of Value assignments)

13.3.2 Borrower Appraisal Acknowledgement

PHH requires an Appraisal Acknowledgement Form on all Loans with an appraisal, regardless of product type.

The Appraisal Acknowledgement Form must contain the following:

- Borrower’s name
- Property address
- Seller’s name
- Acknowledgement that the borrower either received all appraisal reports at least three business days prior to loan closing

OR

- Acknowledgement that the borrower elected to waive his right to receive all appraisal reports at least three business days prior to loan closing. If this option is selected, evidence that all appraisals were given to the borrower prior to or at the closing is required.

The form must be signed and dated by all borrowers on or before the date of the Mortgage Note.

Note: *In all Loans submitted to PHH for purchase, evidence all appraisals were given to the borrower is required.*

13.4 Anti-Money Laundering Program Information

Sellers must maintain an Anti-Money Laundering (AML) program which must be in writing and include, at a minimum the following:

- Policies, procedures, and internal controls reasonably designed to prevent, detect, and report potential money laundering and other suspicious activity
- The designation of an AML compliance officer
- Ongoing AML employee training
- Independent testing of the Seller's AML program

For additional guidance on AML program requirements, refer to the [FFIEC BSA Examination Manual](#).

13.4.1 Suspicious Activity Report

Sellers are required to comply with the Bank Secrecy Act and are required to file Suspicious Activity Reports (SARs) with FinCEN in accordance with this regulation.

13.5 Anti-Predatory Lending

PHH supports the expansion of fair and equitable home ownership opportunities and opposes predatory lending. We are committed to upholding the standards of fair and responsible lending in all aspects of our business practice. Our commitment emphasizes product choice, fair pricing and credit terms with clear disclosure.

PHH requires that all borrowers be treated fairly and equitably through all channels, whether through retail, seller or warehouse. PHH requires adherence to applicable federal state and local laws, statutes, regulations, commentary and principles, including but not limited to the items more fully described below.

Predatory Lending Description

PHH requires that each Seller warrant that no form of predatory lending has been used in connection with the origination of any Loan. For purposes herein, "predatory lending" includes, but is not limited to, any deceptive and/or abusive lending practices that are not in the best interest of the borrower. This includes, but is not limited to, any one or more of the following practices:

Compliance Topics

Anti-Predatory Lending

PHH Mortgage

- Making loans based on borrower's equity without regard to the proper underwriting of the borrower's payment ability;
 - Making loans that unreasonably jeopardize the borrower's equity;
 - Frequent refinancing of loans with fees that can strip the equity from a borrower and which simply generate fee income with no benefit to a borrower;
 - Using pricing terms that far exceed the true risk and cost of making the loan;
 - Including in the loan unearned or otherwise unwarranted fees for services;
 - Making it difficult for borrowers to reduce their indebtedness by adding unreasonably restrictive loan terms and structures; or
 - Targeting customers who are less financially sophisticated or otherwise are vulnerable to abusive practices.
 - The Seller and its third-party originators may not engage in any of the following practices with respect to loans purchased or to be purchased by PHH:
 - Encouraging a borrower to default on an existing loan in connection with the refinance of all or part of the existing loan.
 - Financing single premium credit life, disability, unemployment, credit property, accidental or health insurance products with the proceeds of the Loan.
 - Refinancing of a Special Subsidized Mortgage. A Special Subsidized Mortgage means a residential Loan that is originated or subsidized by or through a state, local or tribal government or nonprofit organization and that in some circumstances does not have to be completely repaid or requires only partial payments be made. Examples include, but not limited to, a mortgage granted by organizations such as Habitat for Humanity or a local housing authority.
 - Contracting for a prepayment penalty on any product or loan unless specifically allowed within PHH guidelines.
 - Executing documents to evidence or secure the loan which contain an arbitration clause.
- NOTE: The lender's agreement with the borrower must ensure that terms requiring arbitration are not included in the agreement and must also ensure that the agreement(s) do not bar the consumer from bringing a claim in court.***
- Payments to a home improvement contractor from the proceeds of the Loan other than by a check made payable either to the consumer, or jointly to the consumer and home improvement contractor, or through an independent third-party escrow agent.
 - Payment of Loan payments in advance from the loan proceeds.

- Contracting for an increase in the interest rate upon default of the loan at a level not commensurate with risk mitigation.

For correspondent Loans, it is necessary that Seller engage in responsible lending that provides benefit to the borrower and the Loan contains verification and evidence of the borrower's ability to repay.

- The Seller must use best efforts to ensure that each Loan offered to a borrower is consistent with his or her needs, objectives and financial situation.
- Each Loan, the proceeds of which have been used to refinance a previous Loan, offers a documented, demonstrable, tangible net economic benefit to the borrower. The Seller must provide any state-specific documentation, such as, but not limited to, Net Tangible Benefit Worksheet, as required by state or local law.
- Appropriate assessment and documentation must be performed of the borrowers' ability to repay each Loan in accordance with its terms. The borrowers must be provided sufficient and accurate information concerning each Loan's terms, costs, risks and benefits, including but not limited to, disclosure of:
 - The existence of a prepayment penalty, if applicable, prior to closing
 - Disclosure on products containing a prepayment penalty of the availability of similar products with no prepayment penalty
 - On limited documentation products, disclosure of the availability of a lower interest rate in exchange for higher levels of documentation
 - Total loan compensation of each Loan, including compensation to third party originators, must be structured to avoid providing any incentive to originate a Loan with predatory or abusive characteristics

13.6 Qualified Mortgage Requirements and Compliance with Points and Fees

The maximum points and fees applicable to a Qualified Mortgage vary based upon the loan amount. In addition, all dollar amounts, including loan amounts, will be adjusted for inflation annually on January 1 by the CFPB. All Loans submitted for purchase must pass the qualified mortgage points and fees test, as well as the associated ability to repay provisions.

PHH will require a fully completed “points and fees” detail form on all files submitted for purchase. The Seller can provide this information by including one of the following in the Loan File:

- Ellie Mae's Mavent Compliance Report with *Expanded Fee Details*

- Compliance Report from another provider with fee details.
- A review of the vendor forms to ensure they contain the loan level data required to complete our pre-purchase review. If the loan-level data is not sufficient, it may delay the purchase of the Loan by PHH.
- Similar Points and Fees forms generated from the lender LOS system, provided the form contains loan level data required to complete our Pre-Purchase review.

NOTE: We are not endorsing or approving the results of any vendor's compliance screening, nor will we rely on any vendor's compliance screening in lieu of our pre-purchase review.

Points and Fees Thresholds – 2024

The applicable points and fees thresholds for 2024 are listed below: Limits are effective for loan closings on or after 01/01/2024.

 - Interest or the time-price differential

HPML Requirements Loans that exceed points and fee limits at the time of loan disbursement are not eligible for purchase by PHH.

13.7 Fraud

A general definition of fraud includes the following:

- Intentional abuse of truth in order to induce another to part with something of value or to surrender a legal right
- An act of deceiving or misrepresenting

Suspected fraud will be referred to PHH's Credit and Operational Risk/Fraud Department. A review of the Loan will be conducted to determine the extent of the fraud or misrepresentation and the source.

Loan Files with confirmed fraud or misrepresentation are not eligible for purchase by PHH. If the fraud or misrepresentation is discovered after loan purchase, the Seller will be required to repurchase the Loan.

In the event sufficient information is established to confirm a Seller's participation in the misrepresentation, the business relationship with the Seller will be terminated. PHH shall satisfy its obligation to notify the applicable authorities.

13.8 High-Cost Loans

PHH will not purchase any loan legally classified as high-cost or predatory under federal or state laws.

A high-cost test will be performed on all Loans on a pre-purchase basis for compliance with the following:

- Federal law (HOEPA Section 32 of the Truth in Lending Act)
- Investor/Agency requirements
- State law
- City/village/municipality code
- County ordinance

Note: PHH will not purchase any loan, regardless of occupancy type, that exceeds Freddie Mac's 5% points and fees test threshold.

Any loan determined to be a high-cost loan will be denied for purchase. Under no circumstances will PHH recognize a post-closing refund to the borrower as cure of a high-cost loan.

Sellers are responsible for ensuring that all Loans delivered to PHH are in compliance with all applicable laws and regulations noted above. In the event a loan is inadvertently purchased by PHH that is later determined to be a high-cost Loan, that Loan will be subject to immediate repurchase.

It is the responsibility of the Seller to consult with its own legal counsel to develop internal policies and procedures necessary to prevent the closing of a high-cost loan.

Determination of High-Cost Mortgage

A high-cost mortgage is any consumer credit transaction, whether closed-end or open-end, that is secured by the consumer's principal dwelling in which:

- The annual percentage rate applicable to the transaction will exceed the average prime offer rate (APOR), as defined in § 1026.35(a)(2), for a comparable transaction by more than:
 - 6.5 percentage points for a first-lien transaction;
 - 8.5 percentage points for a first-lien transaction if the dwelling is personal property and the loan amount is less than \$50,000; or
 - 8.5 percentage points for a subordinate-lien transaction; or
- The transaction's total points and fees exceed:
 - 5 percent of the total loan amount for a transaction with a loan amount of \$21,549 or more; the \$21,549 figure shall be adjusted annually on January 1 by the annual percentage change in the Consumer Price Index that was reported on the preceding June 1; or
 - The lesser of 8 percent of the total loan amount or \$1,077 for a transaction with a loan amount of less than \$21,549; the \$1,077 and \$21,549 figures shall be adjusted annually on January 1 by the annual percentage change in the Consumer Price Index that was reported on the preceding June 1.

13.9 Higher-Priced Mortgage Loans

A higher-priced mortgage loan (HPML) is a Loan secured by a first lien on the borrower's principal dwelling with an APR that exceeds the APOR for a comparable transaction as of the date the interest rate is locked by a certain percentage, based on the type and size of loan:

- If the Loan is a jumbo mortgage, the APR may not exceed the APOR by 2.5 or more percentage points.
- If the Loan is a first lien, but not a jumbo mortgage, the APR may not exceed the APOR by 1.5 or more percentage points.

Higher-Priced Mortgage Loans

PHH Mortgage

HPML loans are eligible for purchase by PHH when the following requirements have been met:

When an appraisal is required for the loan program, it must be completed by a certified or licensed appraiser who conducts a physical inspection of the interior of the collateral property.

- Conventional Loans –
 - Escrow accounts are required to be set up and maintained for a minimum of 5 years
 - Loans must pass FNMA points and fees test, ATR/QM and any applicable state high costs tests
- FHA Loans –
 - Escrow accounts for the life of the Loan are mandatory
 - Not permitted for Non-credit qualifying streamline refinance. If a NCQ loan is determined to be a HPML loan, it can be converted to a Credit Qualifying Streamline.

Higher Priced Mortgage Loans with the following attributes are not eligible for purchase:

- Loans with prepayment penalties, other than as expressly set forth in Section 8.5 with respect to any loan originated as a PHH Non-Delegated Non-Agency product
- Adjustable Rate Mortgages with an initial repayment period less than 7 years
- Loans with a Balloon Term with a 5 year reset period

The Seller's Loan File must include documentary evidence establishing the date that the borrower's interest rate was locked. Acceptable documents, in effect at time of closing, include the following:

- An unexpired lock agreement between the originating Seller and the borrower
- A Seller-generated unexpired lock confirmation
- Higher Priced Covered Transaction (Conventional Loans)

A Higher Priced Covered Transaction is a covered transaction with an annual percentage rate that exceeds the average prime offer rate for a comparable transaction as of the date the interest rate is set by 1.5 or more percentage points for a first-lien covered transaction, other than a qualified mortgage under paragraph (e)(5) or (f) of § 1026.43; by 3.5 or more percentage points for a first - lien covered transaction that is a qualified mortgage under paragraph (e)(5) or (f) of § 1026.43; or by 3.5 or more percentage points for a subordinate-lien covered transaction.

NOTE: PHH does not purchase subordinate lien loans.

13.10 Real Estate Settlement Procedures Act

PHH will not purchase loans that are not in compliance with the requirements of the Real Estate Settlement Procedure Act (RESPA).

RESPA applies to a federally related Loan. A federally related Loan refers to almost every loan secured by a lien on residential real property designed principally for occupancy as a one to four unit dwelling and made by a regulated lender, a government assisted lender, a lender with intent to sell to an Agency, or a truth in lending creditor.

RESPA related requirements include but are not limited to:

- Proper identification of affiliates and use of the AFBA disclosure.
- Aggregate Escrow Account Analysis and related disclosures.

13.11 Right of Redemption

Loans closed during the right of redemption period following a foreclosure are not eligible for purchase by PHH.

13.12 Secure and Fair Enforcement Act

Under Secure and Fair Enforcement (S.A.F.E.) Act requirements, the Seller is responsible to ensure that all Loans delivered to PHH will be audited pre-purchase for licensing and registration compliance of the Seller and the mortgage loan originator (MLO).

Sellers must provide the following information on all Loans:

- A completed initial URLA signed and dated by the MLO.
- The correct NMLS ID for both the Company and the MLO who signed the application:
- Note: PHH requires the main company ID and not the branch ID.
- In the event there are multiple applications in the Loan File signed by different mortgage loan originators, a review will be conducted for each MLO.
- For FHA Loans, the correct NMLS IDs for the Company and the mortgage loan originator (MLO) must be entered in the appropriate places in FHA Connection.

13.13 Truth In Lending Act

PHH and its Sellers are obligated to comply with the Truth in Lending Act (TILA). The purpose of this regulation is to:

- Promote the informed use of consumer credit by requiring disclosures about the terms and cost associated with the credit
- Ensure that consumers are provided with greater and more timely information on the nature and costs of the residential real estate settlement process
- Effect certain changes in the settlement process for residential real estate that will result in more effective advance disclosure to home buyers and sellers of settlement costs

PHH will not purchase loans that are not in compliance with the Truth in Lending Act.

Common Prepaid Finance Charges

This is not an all-inclusive list of prepaid finance charges; rather, this is a list of charges that should be included that are frequently omitted:

- Courier/wire/delivery/messenger fee
- Attorney/settlement/closing/escrow fee
- Copy fee
- Subordination/subordination agreement fee
- Attendance fee
- Service fee
- Assignment fee
- Condo questionnaire fee
- Closing protection letter fee
- Document preparation/document review fee in Texas to the attorney

PHH reviews Loans both pre- and post-purchase to ensure compliance with applicable federal and state laws and regulations.

PHH considers the disclosure of the finance charge amount accurate if it is understated by no more than \$100 on purchases and by no more than \$35 on rescindable transactions, or if it is overstated.

If a review of the Loan File determines that certain fees were not disclosed as finance charges and the disclosure varies from the actual finance charges by more than \$100 or \$35 if rescindable, PHH will require that the Loan be remedied.

Purchase Transaction:

- The under-disclosed amount must be refunded to the borrower—a copy of the check to the borrower will be required.
- A post consummation Closing Disclosure disclosing a new preparation date—no changes to the actual figures, just the preparation date.
- A copy of the letter to the borrower explaining the reason for the refund.
- Proof of delivery of all of the above to the borrower—overnight carrier’s tracking information that confirms delivery or a USPS Confirmation of Receipt slip.

Refinance Transaction:

- The under-disclosed amount must be refunded to the borrower—a copy of the check to the borrower will be required.
- A post consummation Closing Disclosure disclosing a new preparation date—no changes to the actual figures, just the preparation date.
- Rescission must be reopened—provide a new Right to Cancel to each borrower.
- Wait three days or more after the borrower receives the Right to Cancel, post consummation CD, and refund for the rescission period to end. PHH will not purchase a loan with an open rescission period.
- A copy of the letter to the borrower explaining the reason for the refund.
- Proof of delivery of all of the above to the borrower—overnight carrier’s tracking information that confirms delivery or a USPS Confirmation of Receipt slip.

13.14 TILA-RESPA Integrated Disclosures (TRID) Rule

Effective with applications dated on or after October 3, 2015, the Initial TIL and GFE are replaced by the Loan Estimate, and the Final TIL and HUD-1 Settlement Statement are replaced by the Closing Disclosure. Any covered loan submitted to PHH for purchase must include the Loan Estimate and Closing Disclosure as described below.

The TILA-RESPA rule applies to most closed-end mortgage transactions secured by real property, including construction-only loans and lot (vacant land) loans, but does not apply to

- Home equity lines of credit (HELOCs)

- Reverse mortgages
- Chattel-dwelling loans, such as a loan secured by a mobile home or other dwelling that is not attached to real property
- Detailed information on these disclosures is available in TILA-RESPA integrated disclosure guides published by the CFPB on their [website](#).

The Home Loan Toolkit, previously known as the Special Information Booklet, must be provided at or within three business days of application for purchase transactions. The Seller is expected to comply with all requirements of the rule.

13.14.1 Loan Estimate

The Loan Estimate must be provided to the borrower, or placed in the mail, no later than three business days after receipt of an application. In this context, a business day is a day on which the Seller's offices are open to the public for carrying out substantially all of its business functions. For purposes of this rule, an application is considered received when the borrower has provided all the following information:

- Borrower's name
- Borrower's income
- Borrower's Social Security number to obtain a credit report
- Address of the subject property
- Estimate of the subject property's value
- Amount of the loan applied for

When there is a changed circumstance after the Loan Estimate has been provided, the Loan Estimate must be revised within three business days of notification of the event. A revised Loan Estimate must be received by the borrower no later than four business days before consummation, which is defined by state law. Sellers should consult their legal counsel regarding the definition of consummation. The Loan Estimate may not be revised to correct technical errors, miscalculations, or under-estimated charges. The initial Loan Estimate and any subsequent revisions must be delivered to the borrower within the time frames mandated by the rule, with evidence of timeline compliance included in the Loan File.

Before the Loan Estimate is provided, the following actions may not take place:

- No documents used to verify the borrower's application information may be required.

- No fees may be imposed on the borrower (except a bona fide fee for obtaining a credit report) before the borrower indicates his intent to proceed with the transaction.
- No other written estimates of terms or costs may be provided without a written statement that these may change.

13.14.2 Changed Circumstances

A changed circumstance is defined as one of the following:

- An extraordinary event beyond the control of any interested party or other unexpected event specific to the borrower or transaction
- Information specific to the borrower or transaction that the lender relied upon when providing the Loan Estimate that was inaccurate or changed after the disclosures were provided. This includes changes to the borrower's creditworthiness based on verifications received, or changes to the value of the subject property
- New information specific to the borrower or transaction that the lender did not rely on when providing the Loan Estimate

The lender must provide a revised Loan Estimate within 3 business days if any of the following occur:

- The borrower requests changes to the terms or charges that effect the initial estimate
- The loan is locked after the initial Loan Estimate is provided
- The borrower does not indicate intent to proceed until more than 10 business days have passed after the initial Loan Estimate was delivered or placed in the mail
- If the transaction involves new construction and settlement will not occur within 60 days

A revised Loan Estimate may not be provided on or after the date the lender provides the Closing Disclosure. For the purpose of a revised Loan Estimate, business day is defined as all calendar days except Sundays and federal legal holidays.

13.14.3 Closing Disclosure

business days after sending. Loan closing may not occur during the three days following receipt of the disclosure.

A corrected Closing Disclosure, with another three-day waiting period, must be provided for the following:

- Increases to the loan's APR of at least 0.125% for fixed rate loans or 0.250% for ARM loans
- Changes to the loan product
- Addition of a prepayment penalty

Note: Except as expressly set forth in Section 8.5 with respect to any loan originated as a PHH Non-Delegated Non-Agency product, PHH does not purchase loans with a prepayment penalty.

Other changes necessitating a corrected Closing Disclosure may not require an additional waiting period. The Closing Disclosure and any subsequent revisions must be delivered to the borrower within the time frames mandated by the rule, with evidence of compliance included in the Loan File.

The actual charges paid by or imposed on the consumer in the Closing Disclosure must be equal to or less than the estimated charges originally provided in the Loan Estimate. There is a 10% cumulative tolerance for variations on the following items:

- Recording fees

- Charges for third-party services not required by the lender

- Fees paid to the lender, mortgage broker, or an affiliate of either
- Transfer taxes
- Fees paid to an unaffiliated third party if the lender did not permit the borrower to shop for a third-party service provider

If the amounts paid by the borrower at closing exceed the amounts disclosed on the Loan Estimate beyond the above-stated tolerances, the Seller must refund the excess to the borrower and provide a revised Closing Disclosure, no later than 60 calendar days after consummation.

For charges subject to zero tolerance, any amount charged beyond the amount disclosed on the Loan Estimate must be refunded. For those charges subject to a 10% cumulative tolerance, to the extent the total sum of the charges added together exceeds the sum of all such charges disclosed on the Loan Estimate by more than 10%, the difference must be refunded.

All Loan Estimates and Closing Disclosures must be included in the Loan File when submitted for purchase. They will be reviewed and compared, and any corrections made must be supported by documentation. If errors are found that were not corrected, the loan will be suspended until the Seller makes the appropriate refund and supplies documentation. If more than 60 days pass after consummation of a loan found to have an uncorrected error, that loan may become ineligible for purchase. If the required three-day waiting period before closing was violated, the loan may be ineligible for purchase.
